Reminders:  
To complete the LAC, a student must earn a grade of “C” or better in all required coursework taken to meet the LAC requirements.  
A student must choose courses from two different disciplines to satisfy credit requirements within the categories of Humanities and Social Sciences (e.g. two PSC courses cannot be used to fulfill the Social Sciences requirement).  
A student may not use courses from the same discipline to satisfy credit requirements across the categories of the Arts, Humanities or Social Sciences (e.g. a student who takes a History course to satisfy a Humanities requirement may not take another History course to satisfy a Social Sciences requirement). A student may, however, use a course from the same discipline to complete the Arts requirement (e.g. a student who takes ART 105 to satisfy an Arts requirement may take ART 106 to fulfill the requirement.)  
A student may take a course from the same discipline to satisfy credit requirements across the Global Studies category and other categories (e.g. a student who takes a Sociology class to satisfy the Social Sciences requirement may also take a Sociology class for Global Studies).  
WRI-2 courses are the only courses that may “double dip” (e.g. a student who takes a WRI-2 in English may also count that course toward the Humanities requirement).
