- \*Interns off 9/3 Labor Day
- \*Thanksgiving Holiday: Off Wed 11/21, 11/22, and 11/23.
- \*The Diabetes Concentration requires a separate application after DICAS Match and must be completed in PA
- \*Two “IPSD” weeks are built into the rotation schedule to accommodate the needs and interests of each intern. Interns may utilize these weeks to explore a particular specialty area of clinical dietetics at their scheduled practice site. Alternatively, interns might spend this week on self-directed study and preparation. If needed, this week can also be used towards the required hours for any rotation due to weather, illness, or bereavement.
- For Community concentration, you will be going back to either Community Site 1 or 2.
