I. MISSION

Cedar Crest College (hereinafter “Cedar Crest” or the “College”) is a liberal arts college, primarily for women, dedicated to the education of the next generation of leaders. Cedar Crest College prepares students for life in a global community by educating the whole student at all stages of life and experience.

II. HONOR CODE

Cedar Crest College students should uphold community standards for academic and social behavior in order to preserve a learning environment dedicated to personal and academic excellence.

Upholding community standards is a matter of personal integrity and honor. Individuals who accept the honor of membership in the Cedar Crest College community pledge to accept responsibility for their actions in all academic and social situations and the effect their actions may have on other members of the college community.

HONOR CODE PRINCIPLES

- The principles that stand at the center of the honor philosophy include, but are not limited to, the following:
 - We believe in self-governance.
 - We respect the individual ownership of ideas, work and property.
 - We recognize and appreciate others’ differences.
 - We have responsibility as individuals within a community to uphold community standards.
 - We will create a just and caring environment by striving to behave with equity and consideration of others.

HONOR CODE PLEDGE

“We who accept the honor of membership in the Cedar Crest College community recognize our obligation to act, and encourage others to act, with honor.

The honor code exists to promote an atmosphere in which individuals make their own decisions, develop a regard for the system under which they live, and achieve a sense of integrity and judgment in all aspects of their lives.

It is with faith in such a system that I have accepted membership into this community. Representative of such, I hereby pledge to uphold the spirit and the letter of the honor code.”

III. DIVERSITY STATEMENT

Founded under the mission to expand women’s access to higher education, Cedar Crest College values difference in a diverse, inclusive, and equitable learning environment. The College is committed to educational excellence, leadership, and civic engagement in a pluralistic society. We thus embrace an inclusive community that brings together students, faculty, and staff who are of different racial and multi-racial, ethnic and multi-ethnic, gender and sexually diverse, religious and nonreligious, economic, and national identities and ages. Our educational mission includes students who have been historically underrepresented in higher education, such as students of color, first-generation college students, international students, students of varying ability or disability, and other identities.

IV. COMMUNITY STANDARDS FOR ACADEMIC CONDUCT

ACADEMIC STANDARDS OF INTEGRITY

Incumbent from the honor code, academic integrity and ethical behavior provide the foundations of the Cedar Crest scholarly community and the basis for our learning environment. Cedar Crest College expects students to set a high standard for themselves to be personally and intellectually honest and to ensure that other students do the same. This standard applies to all academic work (oral, written or visual) completed as part of a Cedar Crest education.

A complete list of all academic policies can be viewed in the [Cedar Crest College Catalog](#).

ACADEMIC MISCONDUCT

Cedar Crest College considers the following acts, but not only the following acts, to be breaches of its academic standard of integrity and academic misconduct. Cedar Crest College reserves the right, in its sole discretion, to define what constitutes academic misconduct. Examples of academic misconduct include, but are not limited to, the following:

- i. Cheating. During the performance of or completion of an academic assignment (e.g. quizzes, tests, examinations, artistic works, presentations, or papers), it is misconduct to use, have access to, or attempt to gain access to any and all sources or assistance not authorized by the instructor.
- ii. Plagiarism. Plagiarism is the act, intentional or not, of misrepresenting the work, research, language or ideas of another person (published or unpublished) as one's own. An assignment or part of an assignment that fails to acknowledge source material through an appropriate academic discipline's citation conventions for quotation, paraphrase, and summary also constitutes plagiarism.
- iii. Collusion. Collusion is the collaboration of two or more individuals in either giving or receiving assistance not authorized by the instructor for the completion of an academic assignment.
- iv. Falsification. Falsification is the misrepresentation of academic work or records. Falsification includes, but is not limited to: the fabrication of research, scientific data, or an experiment's results; providing false information regarding an academic assignment, including reasons for absence, deadline extension or tardiness; the tampering with grade or attendance records; the forging or misuse of college documents or records; or the forging of faculty or administrator signatures. An assignment or part of an assignment, submitted for academic credit in one course and resubmitted by the student for academic credit in another course without both instructors' permission also constitutes falsification.
- v. Sabotage. Sabotage is the act of hindering another student's (or students') ability to complete an academic assignment. Destruction of college property (e.g. library holdings, laboratory materials, or computer hardware or software) may constitute sabotage.
- vi. Impersonation. Impersonation is the act of a person pretending to be a student during the completion of an academic assignment; impersonation also includes the act of a student soliciting another person to assume that student's identity for the completion of an academic assignment.

The forms of academic misconduct defined above are not exhaustive, and other acts in violation of the Cedar Crest Honor Code or academic standards of integrity may be deemed academic misconduct by an instructor or by the college.

RESPONSE TO ACADEMIC MISCONDUCT

Students who breach the academic standard of integrity—as set forth in the types of academic misconduct specified in this Handbook and in the [Faculty Handbook, Book 4.B.2.a.](#)—are subject to sanctions imposed by the course instructor, a department chair, the Provost, or the board of trustees. Such sanctions can range from, but are not limited to, the requirement to redo an assignment; the reduction in grade for an assignment or course; or the failure of an assignment or course; suspension or expulsion from the College; or the withholding, denial or rescinding of academic degrees. Students who fail a course as a result of academic misconduct may be removed from the course upon entry of a final grade of “F” by decision of the department chair, in consultation with the course instructor.

The initial response to academic misconduct rests with the individual instructor, who is entitled to take into account all factors when determining the penalty for the offence which include, but are not limited to, the student’s degree of academic experience and any prior instances of academic misconduct in the student’s time at the College. If a student withdraws from a course and the instructor discovers academic misconduct, either before or after the withdrawal, the misconduct penalty, including an instructor’s grade of “F” for the course, supersedes the “W.”

All instructors who determine that a student has breached the academic standard of integrity must report the incident to the Provost’s Office using the Report of Academic Misconduct and attach relevant evidentiary documentation as appropriate. Instructors encountering a case of academic misconduct may consult with the Provost’s Office to determine if the student has committed acts of academic misconduct on other occasions.

All instructors are required to include the College’s academic standard of integrity on their course syllabi, as well as information about the response to evidence of academic misconduct and potential sanctions incurred. Upon receiving a Report of Academic Misconduct, the Provost’s Office will notify the student of the misconduct charge and penalty and of the rights and the procedure to appeal the charge and its sanctions.

Appeals to charges of academic misconduct or their sanctions follow the process for appealing academic decisions outlined in the [Faculty Handbook, Book 4.C.16.](#) All reported incidents of academic misconduct will be held on record by the Provost’s Office.

CLASSROOM PROTOCOL

a) Learning Environment and Appropriate Classroom Behavior

Cedar Crest College maintains a classroom and learning environment dedicated to scholarly, artistic and professional inquiry. The College’s community of learning is founded upon the intellectual freedom of students and faculty in pursuit of knowledge and understanding. Such an environment depends upon the insights of the liberal arts disciplines, as well as a respect for the global diversity of viewpoints and cultural backgrounds.

The College expects students to conduct themselves in a manner that best realizes their own and other students’ education. Appropriate classroom behavior includes, but is not limited to, the expectations for students: to attend and be prepared for all classes, to arrive and leave on time, to treat the faculty members and other students with respect, to refrain from any activities within the classroom that do not directly pertain to the business of the class, to use

language that is respectful and non-abusive, and to otherwise refrain from any behavior that disrupts or jeopardizes the learning environment as determined by a reasonable faculty member. Academic programs or individual faculty members may establish additional behavioral policies for their courses, including those that consider classroom behavior for a student's academic evaluation.

If a student would like to bring a guest to class, permission must be secured from the instructor prior to that class time.

b) Response to Disruptive Classroom Behavior

Faculty members are entitled to respond to disruptive student behavior. Responses can range from a verbal warning to requiring the student to leave class. Faculty may further choose to treat dismissal from class as an absence for the purposes of attendance policies. If a student refuses to leave when requested, the faculty member is to call campus police and have the student removed. Unless it should be necessary to protect oneself, the faculty member should not make any effort or threat to remove the student physically.

If the faculty member desires that the expulsion extend beyond the class period or that it be permanent, the faculty member must first notify the chair of the department, and then make such a request to the Provost prior to the beginning of the next meeting of that class. If the Provost concurs, the student is to be notified of the expulsion beyond the class period and the appeal procedures. Disruptive classroom behavior may warrant dismissal from the College.

c) Notification of Classroom Protocol

Faculty members are expected to make clear expectations for specific classroom decorum and repercussions for non-compliance, including the impact disruptive behavior may have on students' academic evaluation. Faculty members should be aware of setting boundaries and procedures for exceptions to policies stated in the syllabus.

The following statement (or similar language) should be conveyed to students at the start of each term: "Appropriate classroom behavior is implicit in the Cedar Crest College Honor Code. Such behavior is defined and guided by complete protection for the rights of all students and faculty to a respectful classroom environment. That environment is free from distractions such as late arrivals, early departures, inappropriate conversations and any other behaviors that might disrupt instruction and/or compromise students' access to their Cedar Crest College education."

ATTENDANCE POLICY

Regular attendance at classes is expected of all students, regardless of whether attendance is a factor in the student's grade for a course.

Students who are absent from classes for illness, a family emergency, a death in the family, military service, jury duty or other legitimate reasons must notify their instructors prior to the start of a scheduled class or as soon as reasonably possible in the event of an emergency situation. A calendar of annual religious holidays maintained by the Center for Diversity and Inclusion will serve as notice to all faculty for students absent due to religious observance.

It is the responsibility of the student to maintain communication with the instructor concerning class absences. Faculty may require students to obtain absence verification through Student Affairs prior to determining the impact of absences on the student's progression in the course. Submitting documentation to Student Affairs is to verify the reason for the absence. The faculty will determine if it is an excused or unexcused absence.

Student absences due to participation in institutionally approved events such as intercollegiate athletics, theatrical or musical performances, academic conference or field trips must be verified by the event's sponsor (e.g. coach or faculty member). Participation in such events does not constitute an automatic excused absence from classes. The instructor may require student attendance if, in the context of the course, this appears to be in the student's best interest, based on the student's academic standing and current performance in the course. In any case, the student is responsible to inform the instructor in writing of an anticipated absence at the start of the semester or the official start of each athletic/performance season. Students are responsible for making up any classwork missed for a verified absence.

STUDENT APPEAL PROCESS FOR ACADEMIC DECISIONS

A student who has a disagreement with a faculty member about an academic matter should first attempt to resolve the matter through discussion with the instructor. If the issue is not resolved satisfactorily between the student and the instructor, and the student wishes to appeal further, the student must specify in writing the basis for the disagreement and request a review by the department chair. If the issue is an appeal of the final grade received in a course, this request must be submitted within three months of the date that term grades are issued by the registrar.

A student who wishes to appeal the decision of the department chair must write to the Provost's Office within a month of the date of the chair's decision, enclosing copies of the written documents and requesting a review. If the department chair is the instructor, the student may bypass this initial appeal and write directly to the Provost's Office as set forth herein. The appeal to the Provost's Office must be done within three months of the date that the term grades are issued by the registrar. The Provost's Office, in consultation with the chair and the faculty member (if not the same person as the chair), will arrive at a final decision in the matter.

The chair and the Provost's Office will each act within one month during the academic year of receiving the matter. If the instructor is no longer employed by the College, the chair is empowered to act in the instructor's absence. If the chair is no longer employed by the College, the Provost's Office alone will make the final decision.

For further and more detailed college academic policies, see [Detailed College Policies](#) on the registrar's website.

V. WITHDRAWAL AND LEAVE OF ABSENCE POLICY

STUDENT-INITIATED LEAVE OF ABSENCE OR WITHDRAWAL

Leave of Absence

Degree-seeking (matriculated) students who find it necessary to interrupt their college studies for a term or more must apply for an official leave of absence if they wish to return under the same liberal arts education requirements. Within three years of a student's official date of separation, the student must accomplish one of the following steps: attend a class for which the student is enrolled, submit

a letter of intent to register for an upcoming term, register for an upcoming term or request an extension of the leave of absence. Leave of absence requests are processed on My Cedar Crest via the withdrawal application and the registrar approves requests for leaves of absence. Withdrawals from individual courses are not considered official leaves of absence.

The first day of class attendance, in the case of traditional students, or the date of the acceptance letter as a degree candidate, in the case of SAGE (School of Adult and Graduate Education) students, is the date of matriculation. This date is important if a student finds it necessary to interrupt studies at Cedar Crest.

If students take an official leave of absence of less than three years they will be permitted to graduate according to the liberal arts education requirements in effect at the time of matriculation. With approval from their major departments, students may be permitted to graduate according to major requirements listed in the College catalog on the date of their matriculation. Alternatively, a student may choose to graduate according to policies and curricular changes enacted by the faculty and found in the most current catalog.

If a matriculated student requests and is granted an official leave of absence of up to three calendar years, the student is not required to reapply for matriculation when the student re-enrolls. A student who re-enters the College after an unofficial withdrawal, a leave of absence greater than three years or any absence not formally approved must meet the liberal arts education requirements and major requirements in effect at the time of re-enrollment.

Students should consult the [Student Financial Services Policy](#) in this handbook, including the [Withdrawal from Course](#) and [Withdrawal from College](#), to understand their financial obligation during a leave of absence.

Withdrawal

In order to withdraw officially from Cedar Crest College, a student must complete a process that begins with a withdrawal application. Official withdrawal from the College prior to the official deadline for course withdrawal will result in all course work in progress being graded “W” (not computed into average). For exception, see section on academic misconduct. Withdrawal from the College after the official deadline for course withdrawal will result in a grade of “F” for all courses the student is enrolled in at the time of withdrawal. Withdrawal after the official deadline for course withdrawal requires submission of a [Late Withdrawal Appeal](#). If the student re-enters the College to continue the major after a withdrawal, the student will graduate according to general education requirements and major requirements in effect at the time of re-enrollment.

Students should consult the [Student Financial Services Policy](#) in this handbook, including the [Withdrawal from Course](#) and [Withdrawal from College](#), to understand their financial obligation for a withdrawal.

COLLEGE-INITIATED WITHDRAWAL

If, in the sole discretion of the College, a student is behaving in a way which is threatening to others or which significantly interferes with the education or rights of others, the Care Team may initiate the procedures set forth in this section. The Care Team is empowered with the discretion to define within their professional judgment what is sufficiently threatening and/or disruptive to warrant invoking this procedure. The Cedar Crest College Care Team is comprised of the vice president of

enrollment management and student affairs, the director of community standards and residence life, the dean of student success, the director of health and counseling services, a College therapist and the chief of campus police and their designees.

The first step will be to determine an appropriate initial action. The primary alternatives for initial actions are as follows, but these do not preclude other actions based on a specific situation.

1. Continue at the College with no restrictions. The College may take no action if it is decided, based on review of the referral information or other information presented, that the student may be allowed to continue with no restrictions. In those cases, care should be taken to provide opportunities for the student to be advised of accommodations and support services that are available. In cases where there are conduct actions pending, those actions should go forward.
2. Continue in College pending further proceedings. The College may require that the student meet certain conditions regarding the student's behavior over a specified period of time if the student is to remain enrolled. Such conditions could include, for example, stopping classroom disruptiveness or continuing only if the student utilizes support services or accommodation arrangements. Failure to comply with the conditions, coupled with further disruptive behavior, may result in having additional conduct complaints added to any that were previously pending or deferred. At no point will the College engage in a behavioral contract or agreement with a student whose behaviors indicate harm or danger to self or any member of the community.
3. Remaining enrolled at the College subject to conditions but with eligibility for College-owned residential agreement reviewed. Under certain circumstances, where other students' living and learning environment is likely to be disrupted by a student's behavior, the director of community standards and residence life will have the option of allocating alternative and more suitable living accommodations if such are available or of terminating the housing agreement.
4. Suspension or expulsion. If there is a pervasive pattern of disruptive or threatening behavior, or behaviors that are assaultive which present an imminent risk of injury to others, the student may be suspended or expelled through the formal hearing process. Interim restriction may be imposed prior to an administrative hearing.

Students should consult the [Student Financial Services Policy](#) in this handbook, including the [Withdrawal from Course](#) and [Withdrawal from College](#), to understand their financial obligation.

Care Team Interim Restriction

Cedar Crest College, through the Care Team, reserves the right to impose interim restriction for any student when necessary to protect the health and safety of a student or of the community or to allow time for a behavioral mental health assessment or evaluation. A student will be restricted to the extent necessary when there is reasonable cause to believe that the student's participation in College activities or presence at specified areas of the campus will lead to physical abuse, threats of violence or conduct that threatens the health or safety of any person on College property or at official College functions, or other disruptive activity incompatible with the orderly operation of the campus. Upon imposition of the interim restriction, the Care Team or its designee will provide the

student with information that applies to the interim restriction, which may include, but is not limited to the length and conditions of the interim restriction. The Care Team may establish a deadline for the student, or the student's medical provider, to submit documentation related to the interim restriction. If a student's interim restriction is not lifted by the deadline established by the Care Team for the submission of required documentation, the College reserves the right to initiate the administrative withdrawal process. Disciplinary proceedings involving students on interim restrictions will follow the normal established procedures, however, at each step of the proceedings, a student on interim restriction will have scheduling priority.

Students who are restricted on an interim basis may appeal the decision to the vice president of enrollment management and student affairs or designee. The appeal can address any of the following:

1. The reliability of the information concerning the student's behavior;
2. Whether the student's behavior poses a danger of causing substantial, serious harm to others, causing property damage or directly impeding the lawful activities of others;
3. Whether the student has completed an evaluation, in accordance with the standards and procedures.

The sole decision of the appeal is to determine whether interim restriction should be continued, modified or removed.

Referral for Assessment or Evaluation

The Care Team or designee may refer or mandate a student for evaluation by a medical and/or mental health practitioner if it is believed that a student is behaving in a way which is threatening to others or which significantly interferes with the education or rights of others. Students referred or mandated for evaluation will be so informed in writing. The evaluation will be conducted at the student's expense. A student who fails to complete the evaluation in accordance with these standards and procedures and give permission for the results to be shared with the Care Team may be withdrawn on an interim basis, or referred for conduct action or both.

Reinstatement

A student seeking to return to the College after a College-initiated withdrawal must petition the vice president of enrollment management and student affairs or designee for reinstatement and may not reenter the College without providing competent evidence that:

- The medical/psychological condition no longer exists; or
- The medical/psychological condition is sufficiently under treatment so as to remove any substantial likelihood of reoccurrence of the situation which caused the medical withdrawal; and
- The student is no longer a direct threat or likely to cause a significant interference to the education or rights of others.

In addition to the information that a student seeking reinstatement submits, the College may require the student, at the student's cost, to undergo a medical or mental health evaluation by a licensed professional of the College's choosing. The student must provide permission for the results of such evaluation to be shared with the Care Team.

VI. COMMUNITY STANDARDS FOR SOCIAL CONDUCT

Responsible citizenship in the Cedar Crest College community requires respect for the dignity and rights of each individual, respect for public and personal property, personal honesty, compliance with all college policies, codes and standards and compliance with the laws of the Commonwealth of Pennsylvania and the United States of America. All students are responsible for being familiar with this information and adhering to all college policies and procedures.

All members of the Cedar Crest College community are expected to comply with and uphold, as well as to encourage others to comply with these codes, policies and standards. Failure to do so may result in referral to the director of community standards and residence life and/or sanctions.

JURISDICTION

These code, policies and standards apply to any behaviors that take place on the campus, at college-sponsored events and also applies off-campus and to actions online when the off-campus conduct affects or has the potential to affect a College interest.

A College interest is defined to include, but is not limited to:

- a. Any action that constitutes criminal offense as defined by federal or state law. This includes, but is not limited to, single or repeat violations of any local, state or federal law committed in the municipality where the College is located;
- b. Any situation where it appears that the accused individual may present a danger or threat to the health or safety of others;
- c. Any situation that significantly impinges upon the rights, property or achievements of self or others or significantly breaches the peace and/or causes social disorder; and/or
- d. Any situation that is detrimental to the educational interests of the College.
- e. Any online postings or other electronic communication, including cyber-bullying, cyber-stalking, cyber-harassment, etc. when those online behaviors cause an on-campus disruption.

CONDUCT PROCEDURES

Alleged social violations of the honor philosophy should be brought to the attention of the director of community standards and residence life. The director of community standards and residence life or designee will investigate the alleged violations and take appropriate action. In the event the violation involves the director of community standards and residence life, the violation should be brought to the dean of students who will investigate the alleged violation and take appropriate action. Students can bring good faith complaints without fear of retaliation.

DEFINITION OF STUDENT

The policies, codes and standards apply to all students which include all persons who have accepted offer of admission, and/or who are enrolled in courses at the College, either full-time or part-time, pursuing undergraduate, graduate or professional studies and who are either currently enrolled or were enrolled the previous semester and registered for a future semester. Persons who withdraw after allegedly violating any College policy, or who are not officially enrolled for a particular term but who have a continuing relationship with the College are considered students. In addition, persons who are living in College residence halls and apartments, although not enrolled in this institution, are also considered “students” for the purpose of enforcing this code.

STANDARD OF PROOF

In all cases of alleged violations of Cedar Crest College policy, the standard of proof is the preponderance of the evidence (e.g., more likely than not). This standard is also employed when making determinations regarding interim restrictions/actions.

The College reserves the right to take action under the honor code and student handbook, prior to the disposition of a case through criminal proceedings.

Disciplinary proceedings at the College may normally proceed during the pendency of criminal proceedings and will not be subject to challenge on the grounds that criminal charges regarding the same incident have been dismissed or reduced or that no criminal charges have been brought.

STUDENT CONDUCT INTERIM RESTRICTION

Cedar Crest College reserves the right to impose interim restriction for any student when investigating a conduct violation. A student will be restricted to the extent necessary when there is reasonable cause to believe that the student's participation in College activities or presence at specified areas of the campus will lead to, or have the potential to lead to, physical abuse, threats of violence or conduct that threatens the health or safety of any person on College property or at official College functions, or other disruptive activity incompatible with the orderly operation of the campus. Upon imposition of the interim restriction, the director of community standards or designee will provide the student with information that applies to the interim restriction, which may include, but is not limited to the length and conditions of the interim restriction, charges against the student and information regarding an administrative hearing. Disciplinary proceedings involving students on interim restriction will follow the normal procedures. However, at each step of the proceedings they will have scheduling priority.

Students who are restricted on an interim basis may appeal the decision to the vice president of enrollment management and student affairs or designee. The appeal can address any of the following:

1. The reliability of the information concerning the student's behavior;
2. Whether the student's behavior poses a danger of causing substantial, serious harm to others, causing property damage or directly impeding the lawful activities of others;
3. Whether the student has completed an evaluation, in accordance with the standards and procedures.

The sole decision of the appeal is to determine whether interim restriction should be continued, modified or removed.

INFORMAL RESOLUTION

For issues that do not rise to the level of a formal hearing, the director of community standards and residence life may refer a report of a possible violation to informal resolution with the appropriate staff member. For residence hall policy violations, the director of community standards and residence life may refer it to the appropriate residence life staff member for informal resolution. If informal resolution is not successful, then it may be referred to a formal hearing.

FORMAL HEARINGS

The purpose of student judicial hearings is to educate students, ensure that the honor code and

College policies are understood and to reinforce the honor code. The discipline and resolution process is intended to be just, fair and educational in nature. It may, but it not required to, commence with discussions with involved parties or by administrative staff.

The director of community standards and residence life will review any reports compiled or filed to make a determination regarding the necessity of a hearing. The director of community standards and residence life will make a determination as to whether to hold a hearing and notify all necessary parties with the decision.

If a hearing is to be scheduled, the director of community standards and residence life will provide written documentation of the student conduct process to the involved parties and offer to meet with all parties to review the student conduct process. The hearing will be held in accordance with written conduct procedures found below.

There are two types of student judicial hearings: administrative hearings and sanction-only hearings. All student judicial hearings are run by hearing officers, who shall be designated by the director of community standards and residence life. During an administrative hearing, the hearing officer determines if the student is responsible for the charges brought forth and makes sanction recommendations. A sanction-only hearing may be held if the student takes responsibility for all charges brought forth. The hearing officer in a sanction-only hearing will make sanction recommendations.

After hearing all of the reports and testimony in an administrative hearing, the hearing officer will make a determination of whether or not the responding party is responsible for the charge(s) The standard of proof used to decide whether a responding party is responsible is whether it is “more likely than not” that the responding party committed the violation.

In both administrative and sanction-only hearings, the hearing officer will provide recommendation(s) and resolution of the case including sanction recommendations to the director of community standards and residence life in writing.

The College reserves the right to have legal counsel present at any time in both an administrative or sanction-only hearing.

The director of community standards and residence life will make the final determination about the sanction(s), if any, to be imposed on the responding party based upon the recommendations of the hearing officer as well as other factors that may affect the sanctions, which include, but are not limited to the following:

1. The nature, severity of, and circumstances surrounding the violation;
2. An individual’s disciplinary history;
3. Previous complaints or allegations involving similar conduct;
4. The need for sanctions/responsive actions to bring an end to the actions that were in violation of the College’s honor code or policies;
5. The need for sanctions/responsive actions to prevent the future recurrence of the actions that were in violation of the College’s honor code or policies; and
6. The need to remedy the effects of the actions that were in violation of the College’s honor code or policies on the victim and the community.

The Reporting Party

The reporting party's on-campus living situation may be changed upon the reporting party's request.

The reporting party's academic situation may be changed upon the reporting party's request if options are available.

Note: when a party fails to provide a statement under advice of counsel during an investigation, and subsequent to the hearing decides to provide a statement, it will not be considered “new evidence” for the purposes of this ground. Additionally, subsequent findings of a criminal or civil court (e.g., dismissals, plea bargains, settlements) will not alone constitute sufficient grounds for appeal, but may be considered if new evidence was the grounds for said finding.

A written determination of the appeal will be provided to the both parties within five (5) business days of the date that the appeal is received.

There are two possible outcomes:

- The appeal will be denied.
- The appeal will be forwarded to a hearing officer to rehear the case.

SANCTIONS

Cedar Crest College recognizes the role of accountability as an integral component of the educational process. In order to prevent recurrences, respective sanctions have been developed. These exist to promote a sense of community responsibility and to maintain the integrity of Cedar Crest College as an ethical, just and caring community of learning. The standard of proof used to decide if a responding party is responsible is the preponderance of evidence and whether the conduct in question “more likely than not” occurred. If there is a finding of responsibility pursuant to the administrative hearing or admission of responsibility pursuant to a sanction-only hearing, disciplinary sanction(s) may include, but are not limited to, expulsion, suspension, a no contact order, removal from Cedar Crest College housing, and/or referred or mandated evaluation or education. In addition, persons charged with offenses that are criminal in nature may also be prosecuted by the applicable local authority.

Sanctions for Individual Students

The following College-wide disciplinary sanctions may be imposed upon students found responsible for a violation of the Code of Student Conduct or any College policy or procedure. All sanctions may be imposed either singularly or in combination and imposed in the sole discretion of the College.

The purposes of imposing sanctions are twofold: one, to protect the College community from behavior that is detrimental to the community and/or the educational mission of the College; and two, to assist students in identifying acceptable parameters and consequences of future behavior. The sanction(s) imposed is/are intended to correspond with the severity or frequency of violations, as well as the student's willingness to recommit to behaviors that fall within the Code of Student

Conduct of the College and are consistent with the mission and values of Cedar Crest College. Other factors that may affect the sanctions include, but are not limited to, the following:

- i. The nature, severity of, and circumstances surrounding the violation;
- ii. An individual's disciplinary history;
- iii. Previous complaints or allegations involving similar conduct;
- iv. The need for sanctions/responsive actions to bring an end to the actions that were in violation of the Code;
- v. The need for sanctions/responsive actions to prevent the future recurrence of the actions that were in violation of the Code; and
- vi. The need to remedy the effects of the actions that were in violation of the Code on the victim and the community.

Sanction Options

VII. CEDAR CREST COLLEGE SEXUAL MISCONDUCT POLICY

OVERVIEW

Cedar Crest College is committed to ensuring that all members of the College Community have a learning and working environment that is free from sexual misconduct and sexual harassment. Sexual misconduct and sexual harassment are unlawful and are considered sexual discrimination under the Equal Opportunity in Education Act, commonly referred to as Title IX. Sexual misconduct and sexual harassment will not be tolerated. Cedar Crest College expects all members of the College Community to share in the responsibility for ensuring that the Cedar Crest College environment is free from any form of abuse, violence or verbal or physical intimidation.

Cedar Crest College promotes and encourages prompt reporting and timely adjudication of all sexual misconduct and sexual harassment. Retaliation in any form (e.g., intimidation, threats or harassment) against anyone who exercises the right to make a complaint of sexual misconduct or sexual harassment, or any third party cooperating with the investigation of such an act is strictly prohibited

by law and Cedar Crest College policy and may result in disciplinary action. Cedar Crest College is committed to the health, safety, and well-being of all members of the College Community. Assistance is available twenty-four hours a day as outlined in the “Services, Education, and Prevention Programs” section below.

Cedar Crest College does not discriminate on the basis of race, color, religion, gender, gender identity, gender expression, sex, national origin, age, disability, sexual orientation, family status or any other characteristics protected from discrimination under law or Cedar Crest College policy.

If you have any questions regarding this Policy or Title IX generally, you may contact Cedar Crest College’s Title IX Coordinator, Lisa Garbacik, by phone at 610-606- 4666 ext. 3584, in person at Blaney 104 or by e-mail at lbgarbac@cedarcrest.edu.

POLICY

It is the policy of Cedar Crest College that any act(s) of sexual misconduct or sexual harassment violate(s) the standards of conduct required of members of the College Community. As such, sexual misconduct and sexual harassment are prohibited without exception.

DEFINITIONS

The law provides for various violent and/or non-consensual sexual acts that constitute as criminal acts. Commission of any act deemed a crime by state or federal law is a violation of the College’s policies. Additionally, the College has defined categories of sexual misconduct, as stated below, for which action under this policy will be imposed.

Sexual Misconduct

- a. Sexual Harassment is:
 - a) unwelcome, sexual or gender-based verbal, written or physical conduct that is,
 - b) sufficiently severe, persistent or pervasive that it,
 - c) has the effect of unreasonably interfering with, denying or limiting employment opportunities or the ability to participate in or benefit from the College’s educational, social and/or residential program, and is based on real or reasonably perceived power differentials (*quid pro quo*), the creation of a hostile environment or retaliation.
- b. Non-Consensual Sexual Intercourse is defined as:
 - a) any sexual penetration or intercourse (anal, oral or vaginal),
 - b) however slight,
 - c) with any object,
 - d) by a person upon another person,
 - e) that is without consent and/or by force, including physical violence, threats, intimidation or coercion.
 - f) Note: “Sexual penetration” includes vaginal or anal penetration by a penis, tongue, finger or object, or oral copulation by mouth to genital contact or genital to mouth contact, no matter how slight the penetration or contact.
- c. Non-Consensual Sexual Contact is defined as:
 - a) any intentional sexual touching,
 - b) however slight,
 - c) with any object,
 - d) by a person upon another person

- e) that is without consent and/or by force, including physical violence, threats, intimidation or coercion.
 - f) Note: “Sexual contact” includes any intentional contact with the breasts, groin, genitals or buttocks. Or touching another with any of these body parts or making another touch you or themselves with or on any of these body parts; or any other bodily contact in a sexual manner.
- d. Sexual Exploitation
- a) Sexual Exploitation refers to a situation in which a person takes non-consensual or abusive sexual advantage of another, and situations in which the conduct does not fall within the definitions of Sexual Harassment, Non-Consensual Sexual Intercourse or Non-Consensual Sexual Contact. Examples of sexual exploitation include, but are not limited to:
 1. Sexual voyeurism (such as watching a person undressing, using the bathroom, or engaged in sexual acts without the consent of the person observed).
 2. Taking pictures or video or audio recording another in a sexual act, or in any other private activity without the consent of all involved in the activity, or exceeding the boundaries of consent (such as allowing another person to hide in a closet and observe sexual activity, or disseminating sexual pictures without the photographed person’s consent).
 3. Prostitution.
 4. Sexual Exploitation also includes engaging in sexual activity with another person while knowingly infected with human immunodeficiency virus (HIV) or other sexually transmitted disease (STD) and without informing the other person of the infection, and further includes administering alcohol or drugs (such as “date rape” drugs) to another person without knowledge or consent.
- e. Domestic Violence
- a) Domestic violence includes crimes of violence committed by:
 1. a current or former spouse or domestic partner of the victim, or
 2. by a person with whom the victim shares a child in common, or
 3. by a person who is cohabitating with or has cohabitated with the victim as a spouse or
 4. by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, OR
 5. by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of jurisdiction.
- f. Dating Violence
- a) Dating violence means violence committed by a person:
 1. who is or has been in a social relationship of a romantic or intimate nature with the victim.
- g. Stalking
- a) Stalking means engaging in a:
 1. course of conduct.
 2. directed at a specific person.

3. that would cause a reasonable person to
 - a. fear for safety or the safety of others; or
 - b. suffer substantial emotional distress

Statement on Force

Force exists when sexual contact is forcible, violent and/or against the will of the reporting party and can be in the form of physical violence, threats, intimidation and/or coercion.

- a. Physical Violence: No matter how slight, any intentional physical violence upon another, use of physical restraint, or the presence of a weapon to gain sexual access constitutes the use of force.
- b. Threats: A threat is a clear and overt statement that causes someone to do something the person would not have done without the existence of the threat. For example, “If you do not have sex with me, I will hurt you.”
- c. Intimidation: Is an implied threat where someone uses power or authority (real or implied) to influence someone else.
- d. Coercion: Is an unreasonable amount of pressure to engage in sexual activity. Coercion involves pressure, duress, cajoling and compulsion. Coercion is convincing someone to do something even when the person has made it clear that the person does not want to be convinced. When someone makes it clear that that pressure is unwelcome, and the pressure continues, coercion exists.

Statement on Consent

- a. Consent is knowing, voluntary and clear permission by word or action, to engage in mutually agreed upon sexual activity. Since individuals may experience the same interaction in different ways, it is the responsibility of each party to make certain that the other has consented before engaging in the activity. For consent to be valid there must be a clear expression in words or actions that the other individual consented to that specific sexual conduct.
- b. A person cannot consent if the person is unable to understand what is happening or is disoriented, helpless, asleep or unconscious for any reason, including due to alcohol or other drugs. An individual who engages in sexual activity when the individual knows, or should know, that the other person is physically or mentally incapacitated has violated this policy. It is not an excuse that the individual responding party of sexual misconduct was intoxicated and, therefore, did not realize the incapacity of the other.
- c. Incapacitation is defined as a state where someone cannot make rational, reasonable decisions because of the lack of capacity to give knowing consent (e.g., to understand the “who, what, when, where, why or how” of the sexual interaction). This policy also covers a person whose incapacity results from mental disability, involuntary physical restraint, and/or from the taking of incapacitating drugs.
- d. Consent to some sexual contact (such as kissing or fondling) cannot be presumed to be consent for other sexual activity (such as intercourse). A current or previous dating relationship is not sufficient to constitute consent. The existence of consent is based on the totality of the circumstances, including the context in which the alleged incident occurred and any similar previous patterns that may be evidenced. Silence or the absence of resistance alone is not consent.
- e. A person can withdraw consent at any time during sexual activity by expressing in words or actions that the person no longer wants the act to continue, and, if that happens, the other person must stop immediately.

- f. A minor below the age of consent according to state law cannot consent to sexual activity. This means that sexual contact by an adult with a person below the age of consent is a crime as well as a violation of this policy, even if the minor appeared to have wanted to engage in the act.
 1. In addition, Pennsylvania has designated a minimum age of 13 years where consent cannot be given under any circumstances. Consent is also lacking when a person engages in sexual intercourse with an individual under the age of 16 years and that person is four or more years older than the younger individual is and the individuals are not married to each other.

Prohibited Relationships

The College does not permit sexual or romantic relationships between individuals on campus where one of the individuals is in a position to make decisions that may affect the career or academic experience of the other. Should such a relationship develop, the individuals involved are required to disclose the relationship to the Title IX Coordinator so that any real or perceived inequities, favoritism or other such power differential can be addressed and minimized or eliminated.

IF YOU ARE A VICTIM OF SEXUAL MISCONDUCT

1. Get to a safe place

Get to a safe place as fast as you can. If you feel you are in imminent danger, call the Police by dialing 911 or call Campus Police by dialing 610-437-4471. If you are on the Cedar Crest College Campus and you are outside, you may also use one of the emergency call boxes, which have blue lights on top. These boxes connect directly with the Campus Police Office. If you are on the Cedar Crest College Campus and you are inside a building, you may dial “0” from any Campus telephone to reach the Campus Police Office.

2. Contact someone for help and support

Cedar Crest College offers support services and resources to victims of sexual misconduct. For a list of resources, please see the “Resources/Support Services” section of this Policy. Victims of sexual misconduct will be treated with sensitivity, dignity and respect. Depending on the nature of the offense and the status of the accused, there may be instances when Cedar Crest College must take action to protect the victim and/or members of the College Community by use of a Campus Crime Alert, Warning or other type of protective/remedial measures.

If the sexual misconduct occurred on campus, Cedar Crest College encourages you to contact the Campus Police Office at 610-437-4471 or “0” from a Campus Phone. If the sexual misconduct occurred off campus, you are encouraged to contact the local police department by dialing “911”. Cedar Crest College will assist you in notifying these authorities if you request assistance.

Whether the sexual misconduct happened on or off-campus, the personnel listed in the “Resources and Support Services” section of this Policy are trained to assist you in getting medical and emotional support. They will facilitate your transportation to a hospital or a medical doctor for treatment. Even if you believe that you were not physically injured (or you are uncertain about injury), you are encouraged to seek treatment.

In addition, a hospital or medical facility can aid in the collection of evidence of the sexual misconduct, which can only be collected for a short time after the misconduct occurs. The evidence collected by a medical facility can be helpful in the event that you decide to pursue criminal charges. Evidence is best preserved if you avoid drinking, bathing, showering, douching or changing clothes prior to seeking medical attention.

4. Seek Emotional Support

You are strongly encouraged to seek out assistance with dealing with the emotional aftermath of sexual misconduct. For a list of local resources and support services, please see the “Resources/Support Services” section of this Policy.

REPORTING SEXUAL MISCONDUCT OR SEXUAL HARASSMENT AND OPTIONS WHEN REPORTING

The following informal and formal procedures are designed to ensure a timely response to reports of sexual misconduct. The goals of the procedure outlined in this Policy are a full and complete investigation and a fair adjudication.

In all cases of alleged sexual misconduct, regardless of whether the reporting party wishes to pursue the formal or informal reporting procedure, Cedar Crest College will undertake an appropriate inquiry and take prompt and effective action to support and protect the reporting party, including taking appropriate interim steps before the final outcome of the investigation and hearing, if any. Accordingly, at or after an initial meeting reporting sexual misconduct, Cedar Crest College may

impose a “no-contact” order, which typically will include a directive that the parties refrain from having contact with each other, directly or through proxies, whether in person or via electronic means, pending the investigation and, if applicable, the hearing. The Title IX Coordinator or designee also may take any further protective action that is deemed appropriate concerning the interaction of the parties pending the hearing, if any, including, without limitation, directing Cedar Crest College officials to alter the students’ academic, housing or employment arrangements. Title IX requires that, when taking steps to separate a reporting party and responding party, a school must minimize the burden on the reporting party. Thus, Cedar Crest College, as a matter of course, will not remove a reporting party from classes, housing or employment while allowing the responding party to remain. Violations of the directive of the Title IX Coordinator or designee shall constitute related offenses that may lead to additional disciplinary action.

The investigation (including the hearing process) generally will take no longer than 60 calendar days; however, complex cases, the availability of witnesses and other exceptional circumstances may require additional time and/or the modification of the timeframes described herein. If there are delays in the investigation, the Title IX coordinator and/or the director of community standards and residence life will notify the reporting and responding parties of the delays and explain the circumstances causing the delays. The reporting and responding parties will receive periodic updates on the status of the investigation.

Cedar Crest College strongly encourages persons who believe that they have been the victim of sexual misconduct to report the sexual misconduct to Cedar Crest College authorities as set forth below. Cedar Crest College requires all persons who believe that a member of the College Community has been the victim of sexual misconduct to report the sexual misconduct to Cedar Crest College authorities as set forth below. Cedar Crest College will fully investigate complaints of sexual misconduct involving students or other members of the campus community regardless of whether a reporting party files a formal or informal complaint.

1. Informal Reporting Procedure

If sexual misconduct is reported to any Cedar Crest College administrator, faculty member, Residence Life staff member (including Resident Advisors) or employee and the reporting party opts not to file a formal complaint at that time, the reporting party can anticipate the following:

The first priority will be to ensure that the reporting party receives immediate medical attention, if needed.

The reporting party will be referred to the Title IX Coordinator or designee(s).

The reporting party will be encouraged to utilize the resources and support services available on and off campus and will be offered coordinated assistance including physical, emotional, personal safety and academic support.

To the extent possible and consistent with applicable legal requirements, informal complaints will be treated confidentially.

A reporting party may terminate the informal complaint procedure and pursue a formal complaint at any time.

The reporting party will receive written information regarding the Cedar Crest College sexual misconduct policy.

The reporting party will be notified that if the reporting party wishes to obtain a Protection From Abuse order that the reporting party should contact Campus Police to be informed of the procedure to do so.

2. Formal Reporting Procedure

a. Sexual Misconduct

If on-campus sexual misconduct is reported and the reporting party wants to file a formal complaint, the reporting party will be directed to (and whenever possible escorted to) the Cedar Crest College Campus Police Office. If sexual misconduct is reported regarding an off-campus incident and the reporting party wants to file a formal complaint, the reporting party will also be directed to the local police department. Cedar Crest College will assist the reporting party in notifying these authorities if the reporting party requests assistance. The Cedar Crest Campus Police Office and/or the local police department have the responsibility of investigating the complaint. The reporting party can anticipate the following, however, the College does not control or have authority to control the actions of the local police department:

The first priority will be to ensure that the reporting party receives immediate medical attention, if needed.

Campus Police will contact the Title IX Coordinator or designee(s). The reporting party will be informed about available support services, the reporting procedure, legal and administrative options and provide the reporting party with written information about the process.

To the extent possible and consistent with applicable legal requirements, complaints will be treated confidentially.

If the reporting party opts to pursue criminal charges, the Campus Police will follow the policies and procedures outlined in their handbook.

b. Sexual Harassment

If sexual harassment is reported and the reporting party wishes to file a formal complaint, the reporting party will be directed to the Title IX Coordinator or designee(s). If the Title IX Coordinator is the individual at issue, the alleged harassment may be reported directly to the Chief Financial Officer. If the conduct is criminal in nature the reporting party will be directed to (and whenever possible escorted to) the Cedar Crest College Campus Police Office who will assist the reporting party in notifying the local police department.

The reporting party can anticipate the following:

The first priority will be to ensure that the reporting party receives immediate medical attention, if needed.

The reporting party will be informed of available support services, explained the reporting procedure, legal and administrative options and provided with written information about the process.

To the extent possible and consistent with applicable legal requirements, complaints will be treated confidentially.

If the reporting party opts to pursue criminal charges, the Campus Police will follow the

policies and procedures outlined in their handbook.

3. College Disciplinary Procedures and Sanctions

Whether or not a reporting party opts to file a criminal complaint, the reporting party may pursue an administrative hearing if the responding party is also a Cedar Crest College student by filing a formal complaint. Cedar Crest College is committed to providing a judicial and disciplinary process that is sensitive, supportive, expedient and respectful of the individual rights of all involved.

If the responding party is a Cedar Crest College student, an administrative hearing or sanction-only hearing will be held within sixty (60) days of the date that a formal complaint was submitted. The investigation (including the hearing process) generally will take no longer than 60 calendar days; however, complex cases, the availability of witnesses and other exceptional circumstances may require additional time and/or the modification of the timeframes described herein. If there are delays in the investigation, the Title IX Coordinator and/or the director of community standards and residence life or designee will notify the reporting and responding parties of the delays and explain the circumstances causing the delays. The reporting and responding parties will receive periodic updates on the status of the investigation.

Within twenty-four (24) calendar days of the formal complaint, the investigator will provide the director of community standards and residence life with an initial report. The director of community standards and residence life or designee will review any investigative reports compiled or filed to make a determination regarding the necessity of a hearing. The director of community standards and residence life or designee will make a determination as to whether to hold a hearing within three (3) calendar days of receiving the investigator's initial report and documentation. The director of community standards and residence life or designee will notify both the reporting party and responding party immediately with the decision.

If a hearing is to be scheduled, the director of community standards and residence life or designee will provide written documentation of the sexual misconduct policy and offer to meet with both parties to review the student conduct process. The administrative hearing will be held within sixty (60) days of the date that the formal complaint was submitted.

If a hearing is not to be scheduled, the reporting party has seven (7) days from official notice of the decision by director of community standards and residence life to request a hearing.

The administrative hearing or sanction-only hearing process will be held in accordance with the written conduct procedures set forth in this Handbook. If the responding party is a faculty or staff member, the executive director of human resources will commence disciplinary action according to the disciplinary procedures applicable to the responding party. The executive director of human resources will inform the responding party of the applicable policies and procedures to be followed.

There are two types of student judicial hearings: administrative hearings and sanction-only hearings. All student judicial hearings are run by hearing officers, who shall be designated by the director of community standards and residence life. During an administrative hearing, the hearing officer determines if the student is responsible for the charges brought forth and makes sanction recommendations. A sanction-only hearing may be held if the student takes responsibility for all charges brought forth. The hearing officer in a sanction-only hearing will make sanction recommendations.

The hearing officer will hear a report of the investigation by an impartial investigator.

After hearing all of the reports and testimony, the hearing officer will make a determination of whether or not the responding party is responsible for the charge(s). The standard of proof used to decide whether a responding party is responsible is whether it is “more likely than not” that the responding party committed the act of sexual misconduct.

In both an administrative and sanction-only hearing, the hearing officer will provide recommendation(s) and resolution of the case including sanction recommendations to the director of community standards and residence life in writing. In the event that the director of community standards and residence life is the hearing officer, the director will also make the determination regarding the outcome and sanctions.

The director of community standards and residence life will make the final determination about the sanction(s) imposed on the responding party based upon the recommendations of the hearing officer as well as other factors that may affect the sanctions that include, but are not limited to, the following:

1. The nature, severity of, and circumstances surrounding the violation;
2. An individual’s disciplinary history;
3. Previous complaints or allegations involving similar conduct;
4. The need for sanctions/responsive actions to bring an end to the actions that were in violation of the College’s policies and honor code;
5. The need for sanctions/responsive actions to prevent the future recurrence of the actions that were in violation of the College’s policies and honor code; and
6. The need to remedy the effects of the actions that were in violation of the College’s policies and honor code on the victim and the community.

The parties will be notified in writing within seven (7) days after the date of the administrative hearing with the outcome of the hearing.

Either party has the right to an appeal. The appeal should be submitted within three (3) business days of notice of the outcome of the hearing to the vice president of enrollment management and student affairs as explained in the Appeals Process section.

The College reserves the right to have legal counsel present at any point of the hearing process.

The Reporting Party

The reporting party’s on-campus living situation may be changed upon the reporting party’s request.

The reporting party’s academic situation may be changed upon the reporting party’s request if options are available.

The reporting party has the right to pursue criminal charges off-campus.

The reporting party is permitted to attend the entire portion of the hearing at which information is presented (excluding deliberations) and to question all witnesses. Questions posed by the reporting party to the responding party will be permitted only through the hearing officer.

The reporting party has the right to be accompanied by a College advisor and witnesses

during the hearing process.

The reporting party has the right to a confidential advisor during the hearing process. Examples of advisors include, but are not limited to, family members, friends, College staff or faculty and legal counsel.

The reporting party is informed that all hearing officers take an oath of confidentiality.

The Responding Party

The responding party's on-campus living situation can be changed at the discretion of Cedar Crest College.

The responding party's academic situation can be changed at the discretion of Cedar Crest College.

The responding party is permitted to attend the entire portion of the hearing at which information is presented (excluding deliberations) and to question all witnesses. Questions posed by the responding party to the reporting party will be permitted only through the hearing officer.

The responding party has the right to be accompanied by a College advisor and witnesses during the hearing process.

The responding party has the right to a confidential advisor during the hearing process. Examples of advisors include, but are not limited to, family members, friends, College staff or faculty and legal counsel.

The responding party is informed that all hearing officers take an oath of confidentiality.

Sanctions

Cedar Crest College recognizes the role of accountability as an integral component of the educational process. In order to prevent recurrences, respective sanctions have been developed. These exist to promote a sense of community responsibility and to maintain the integrity of Cedar Crest College as an ethical, just and caring community of learning. The standard of proof used to decide if a responding party is responsible is the preponderance of evidence and whether the conduct in question "more likely than not" occurred. If there is a finding of responsibility pursuant to the administrative hearing or admission of responsibility pursuant to a sanction-only hearing, disciplinary sanction(s) may include, but are not limited to, expulsion, suspension, a no contact order, removal from Cedar Crest College housing and/or referred or mandated evaluation or education. In addition, persons charged with offenses that are criminal in nature may also be prosecuted by the applicable local authority. Please refer to the Sanctions section for more detail.

4. Appeals Process

Either party shall have the right to one (1) appeal. The appeal shall be made in writing to the vice president of enrollment management and student affairs or designee within three (3) business days of the date of the written decision of the director of community standards and residence life. The appeal may be based on any of the following grounds:

Grounds for Appeal:

1. A procedural error or omission occurred that significantly impacted the outcome of the hearing (e.g. substantiated bias, material deviation from established procedures, etc.).

2. To consider new evidence, unavailable during the original hearing or investigation, that could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included.
 - a. Note: when a party fails to provide a statement under advice of counsel during an investigation, and subsequent to the hearing decides to provide a statement, it will not be considered “new evidence” for the purposes of this ground. Additionally, subsequent findings of a criminal or civil court (e.g., dismissals, plea bargains, settlements) will not alone constitute sufficient grounds for appeal, but may be considered if new evidence was the grounds for said finding.
3. The sanctions fall outside the range of sanctions the College has designated for this offense.

The vice president of enrollment management and student affairs or designee will forward a copy of the appeal to the non-appealing party, who may respond to the appeal in writing within three (3) business days of receiving a copy of the appeal. The vice president of enrollment management and student affairs will review the appeal and any response thereto.

There are two possible outcomes:

The appeal will be denied.

The appeal will be forwarded to the hearing officer to rehear the case.

A final and binding written determination of the appeal will be provided to both parties within five (5) business days of the date that the appeal is received.

VIII. RESOURCES FOR STUDENTS WITH DISABILITIES

Cedar Crest College is committed to ensuring students with disabilities are welcomed as a part of our diverse community and that they have equal access to participate in all programs and services offered by the College. The College also complies with the Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973. In order to meet these commitments, the College offers educational opportunities and reasonable academic accommodations for the needs of qualified students with disabilities. The process of requesting and being approved for accommodations is an interactive one and requires student involvement. Accommodations are determined on a case-by-case basis based upon the facts presented for an individual student. Please note that while the College is required to provide a reasonable accommodation to students with disabilities; it is not required to provide the specific accommodation requested by the student. In providing accommodations, the College is not required to lower or effect substantial modifications to essential requirements or to make modifications that would fundamentally alter the nature of the service, program or activity. Students who wish to request disability accommodations (academic, residential, dining) will need to:

“Self-identify” in order to receive services, by first meeting with the Director of Learning and Disability Resources as set forth more fully in this policy. During this meeting the student will: discuss a diagnosed condition, the functional limitations the student experiences as a result of this condition, and requests for accommodations (academic, residential and/or dining).

Provide supporting documentation of their condition, which assists in further identifying accommodations that are reasonable and appropriate. Students are not required to bring documentation to the initial meeting; however, should the student already have documentation (such as school system Evaluation Reports, Re-evaluation Reports, IEP or 504 plans, etc.), it may be provided at that time or at any time thereafter.

Once a student is approved for accommodations, the Director works closely with the student, the student's instructors, and other departments (Residence Life/Housing, Student Affairs, Dining Services etc.) as necessary to coordinate provision of accommodations. Please note that we consider the provision of accommodations to be a "fluid" process: a student's condition may change, a student may be diagnosed with an additional condition, an accommodation may not be effective, etc. Therefore, it is important the student work closely and communicate in a timely manner with the Director for any necessary adjustments throughout their time at Cedar Crest.

Please note that prompt requests will provide adequate time to ensure reasonable and appropriate accommodations are in place for the student prior to the start of classes. Accommodations, once approved, are not applied retroactively.

Appointments

If you are interested in requesting accommodations and are not yet receiving them, you can make an appointment with the Director of Learning & Disability Resources via [Disability Resources Appointments](#) (<https://suebarnes.youcanbook.me>) and selecting a "New Student" appointment (if you are already receiving accommodations, please select a "follow up" appointment). You will then need to complete the form and "confirm" the booking. Once you have completed this process, you will receive a confirmation email including the day, time and location of your appointment.

Appointments are traditionally scheduled between 8:30 a.m. and 4:30 p.m. Please call or email (610-606-4628 or advising@cedarcrest.edu) if: you require accommodations in order to attend/complete an initial meeting, a traditional "in-person" appointment cannot meet your needs, you require an appointment outside our normal office hours, or you have any questions.

Currently Enrolled Students with Acute Injuries

Accommodations are typically provided to students with disabilities as required by state and federal law, statute, and regulation. The College may, on a case-by-case basis, provide accommodations to students with temporary conditions which are not disabling as the need arises. Currently enrolled students with acute injuries (such as concussions, broken bones etc.) who are in need of accommodations should contact Academic Services (610-606-4628) immediately for the next available appointment. Please note that this interactive process may take some time so students are advised to submit documentation to Student Affairs ([Absence Notification Request](#)) regarding any absences they may have had in relation to the injury/condition. Students are also encouraged to work with instructors regarding any missed content, assignments and/or testing that occurs after the injury and before accommodations are in place.

Disability Resources Appeal Process

We respectfully request that you contact Disability Resources staff with any questions, concerns or issues you have about decisions related to your individual accommodations. Many questions, concerns and issues can be sufficiently addressed through additional discussion of process and procedures. If, after such a discussion, you remain dissatisfied with a decision related to your requested individual accommodations, you may choose to initiate an appeal by filing the appeal, **in**

writing, within sixty (60) days of being informed of the decision by the Director of Learning and Disability Resources. You will be required to clearly present the following information to the attention of the Dean of Student Success, Dr. Calley Stevens Taylor (submit to Academic Services, Cressman Library, Rm. 322):

- The decision you are appealing
- The basis and rationale for the appeal
- The specific facts and/or policies supporting your position
- The remedy and resolution you desire

The Dean will review the information you provide, and may meet with you, and meet with instructors, department chairs, the Director of Learning and Disability Resources and/or other individuals as needed. The Dean may also review pertinent documentation such as information you provided during your Student Disclosure meeting and any supplemental disability information related to your accommodation request. The Dean will then issue a written decision within thirty (30) days after receiving your appeal.

In the event you are dissatisfied with the Dean's resolution, you may file a formal appeal, in writing, with the Provost, Dr. Robert Wilson, within fourteen (14) days of the Dean's decision. You must present written statements regarding why you feel the Dean's decision was issued in error. The Provost will review the decision and issue you a written determination within thirty (30) days of receipt of the appeal.

BIAS RESPONSE POLICY

Cedar Crest College values a diverse, inclusive and equitable learning environment. The College is committed to maintaining a respectful and welcoming living, learning and working environment for all students, faculty and staff. As such, the College has established the Bias Incident Response Team. The Response Team is the first response from the College in coordinating responses to bias and hate incidents. The Response Team ensures that affected individuals have access to appropriate resources, to assist the College in its response and to facilitate a coordinated campus response to bias-related incidents and situations.

Bias incidents are expressions, acts or behaviors — verbal, written or physical — which are directed against or target an individual or group based on perceived or actual characteristics, such as, race, ethnicity, color, religion, gender, gender identity, gender expression, pregnancy, national origin, age, disability, sexual orientation, familial status, veteran status or any other characteristic protected from discrimination under law. Bias incidents include hate crimes as defined under Federal and applicable state law. Incidents do not need to be hate crimes to be reported. All such incidents may violate College policies regarding student, faculty and staff conduct, as well as laws against discrimination. The College strongly encourages the reporting of all hate crimes and bias incidents.

As an academic community, the College values protected free speech as central to advancement of learning. The College also recognizes an obligation to ensure an educational environment that is welcoming and inclusive of all learners.

The Bias Incident Response Team does not replace processes and policies for reporting and addressing acts of discrimination, harassment or violence, including but not limited to those established in student, faculty and staff handbooks or by the offices of Student Affairs, Human Resources, the Provost or the College Police.

Retaliation of any kind against a student or member of the faculty, staff or College community for submitting a bias incident report, participating in a bias follow-up procedure or refusing to participate in a bias follow-up procedure is explicitly prohibited

For more information and how to report visit the Bias Response Policy Site, [click here](#).

BICYCLES

Students are permitted to have bicycles on campus, but the College assumes no responsibility for damage or for theft from storage. Theft or excessive damages should be reported to campus police. Bicycles may be parked in bike racks at residence halls. Bicycles are to be removed from the campus at the end of the academic year. The College is not responsible for bicycles left on campus and will not ship them home. Bicycles left on campus at the end of the term will be removed and shall not be returned.

BULLYING

Any behavior that is used to coerce, intimidate or harass another individual or interferes with a person's personal safety, academic efforts, employment or participation in College sponsored activities may be regarded as bullying and is prohibited by the College. This behavior is repeated over time. Bullying can take many forms, including, but not limited to, the following types:

- Physical bullying – any intentional and unwelcome use of physical contact or deliberate property damage. It includes fighting, pushing, or interfering with another's property by stealing, hiding, damaging or destroying such property.
- Cyberbullying – making use of the diverse range of information and communication technologies, including, but not limited to, use of computers, electronic storage devices, cameras, all types of mobile phones, video and audio players and receivers, gaming consoles, internet and phone services and digital media including social networking sites, text messaging, etc.
 - Types of cyberbullying can take many forms, including, but not limited to, the following types:
 - Insulting – posting or spreading false information about a person that will cause harm to that person or that person's reputation.

NO CONTACT ORDER

When harassment, discrimination, sexual misconduct or retaliation (as those offenses are defined in the Student Handbook) have been alleged, or when otherwise deemed appropriate under the circumstances, the director of community standards and residence life may issue No Contact Orders to the students involved, whether or not disciplinary action is taken. No Contact Orders may also be issued as an interim measure while alleged violations of the Code of Conduct are investigated and adjudicated. A No Contact Order is used to restrict encounters and communications between individuals. While a No Contact Order in and of itself does not constitute discipline and will not appear on a student's record, refusal to adhere to the order after written or verbal notification of its terms is prohibited and may result in disciplinary action, including disciplinary suspension or expulsion.

OPEN EXPRESSION ACTIVITY

Free speech is a cherished value of Cedar Crest College. In order to ensure that orderly operations of the College are maintained and that the rights of all are respected, while at the same time ensuring that individual members of the college community have an opportunity to fully exercise their right of freedom of expression, anyone wishing to hold a demonstration/rally, protest, etc. ("Open Expression Activity") must obtain approval two business days in advance of the Activity. An Open Expression Activity Request Form, available at the office of the vice president of enrollment management and student affairs, must be completed and submitted three business days in advance to the vice president of enrollment management and student affairs or designee. Open Expression

Activities that have not been approved may be considered a violation of the Disruptive Conduct Policy and will be referred to the director of community standards and residence life.

PROSELYTIZING

Cedar Crest College encourages open dialogue on issues of beliefs and values, as well as educational efforts in areas that enhance understanding of diversity of religious beliefs. The College reserves the right to limit or restrict the on-campus activity of any religious organization that has the express purpose of making converts of members of the college community. Proselytizing through presence on campus, speech or pamphlets is not allowed. There is a designated bulletin board and display table outside the Lees Chapel: A Center for Meditation and Spirituality where information from recognized religious groups may be displayed.

PUBLICITY AND POSTERS

Posters and announcements are to be posted only on bulletin boards in the Tompkins College Center, academic buildings and the residence halls. The glass doors of the residence halls should be kept free of posters in order to allow for clear vision outside. All items to be posted should carry the name of the sponsor and/or organization and the date the item is posted. Clubs and campus organizations must get their items approved by the office of student activities. Additional questions may be directed to the office of student activities. Unapproved posters are subject to removal by appropriate College officials or their designees. Banners hanging from windows and balconies must have prior approval from the office of leadership and student development.

RETALIATION

Retaliation is defined as any adverse action taken against a person participating in a protected activity because of the participation in that protected activity. Retaliation against an individual for engaging in a protected activity, including, but not limited to a good faith allegation of harassment or discrimination, supporting a reporting party or for assisting in providing information relevant to a claim of harassment or discrimination is a serious violation of College policy and will subject such individuals to disciplinary action up to and including expulsion.

Acts of alleged retaliation should be reported immediately to the Title IX Coordinator and will be promptly investigated. In the event the Title IX Coordinator is the individual at issue, allegations of retaliation should be reported to the Provost. Cedar Crest College will take all appropriate actions to protect individuals who fear, in good faith, that they may be subjected to retaliation.

SEARCHES OF PROPERTY

Any person present on College premises or at off-campus College-sponsored functions who is in possession of a bag, purse, backpack or any other container where contraband, weapons, alcohol or any other prohibited substance could be contained is subject to search by a College official at any time and for any reason. This includes, but is not limited to, searching vehicles parked on College premises.

SERVICE ANIMAL AND EMOTIONAL OR THERAPY ANIMAL POLICIES

SERVICE ANIMAL POLICY

It is the policy of Cedar Crest College to comply with all applicable federal, state and local laws regarding the use of Service Animals (SAs) on campus. Under federal and state laws, individuals with disabilities who use SAs, or trainers of such animals, in Pennsylvania are entitled to equal opportunity in all aspects of employment and education, as well as equal access to and treatment in all public accommodations, housing accommodations or commercial property without discrimination.

Definition of Service Animal

A Service Animal is defined as any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability (physical, sensory, psychiatric, intellectual, or other mental disability). Other species of animals, whether wild or domestic, trained or untrained, are not considered service animals. The work or tasks performed by a service animal must be directly related to the individual's disability. Examples of work or tasks include, but are not limited to:

- Assisting individuals who are blind or have low vision with navigation and other tasks.
- Alerting individuals who are deaf or hard of hearing to the presence of people or sounds.
- Providing non-violent protection or rescue work.
- Pulling a wheelchair.
- Assisting an individual during a seizure.
- Alerting individuals to the presence of allergens.
- Alerting individuals to blood sugar issues.
- Reminding individuals to take medication.
- Retrieving items such as medicine or the telephone.
- Providing physical support and assistance with balance and stability to individuals with mobility disabilities.
- Helping individuals with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship are not considered work or tasks under the definition of a service animal.

The College may allow a person with a disability to bring a miniature horse on the premises as long as it has been individually trained to do work or perform tasks for the benefit of the individual with a disability. The College may, however, consider whether the facility can accommodate the miniature horse based on the horse's type, size, and weight. The rules that apply to service dogs also apply to miniature horses.

Service Animal Access

Service Animals are permitted across all College facilities for persons with disabilities, including buildings, classrooms, residence halls, dining areas, and recreational facilities. However, Service Animals are not allowed in the pool as the ADA does not override public health rules that prohibit dogs in swimming pools. However, service animals must be allowed on the pool deck and in other

areas where the public is allowed to go. Service Animals may not be permitted if the animal poses a direct threat to the health or safety of others, fundamentally alters the nature of a program or activity, or is disruptive. A service animal can be excluded from a facility if its presence interferes with legitimate safety requirements of the facility (e.g., from a surgery or burn unit in a hospital in which a sterile field is required). The accompaniment of an individual with a disability by a Service Animal in location with health and safety restrictions (food preparation areas, laboratories etc.) will be reviewed on a case-by-case basis in collaboration with representatives from that specific department.

Control of Service Animal

The ADA requires that service animals be under the control of the handler at all times. In most instances, the handler will be the individual with a disability. The service animal must be harnessed, leashed, or tethered while in public places unless these devices interfere with the service animal's work or the person's disability prevents use of these devices. In that case, the person must use voice, signal, or other effective means to maintain control of the animal. For example, a person who uses a wheelchair may use a long, retractable leash to allow the service animal to pick up or retrieve items. The person may not allow the dog to wander away and must maintain control of the dog, even if it is retrieving an item at a distance. Or, a returning veteran who has PTSD and has great difficulty entering unfamiliar spaces may have a dog that is trained to enter a space, check to see that no threats are there, and come back and signal that it is safe to enter. The dog must be off leash to do its job, but may be leashed at other times. Under control also means that a service animal should not be allowed to bark repeatedly in a lecture hall, theater, library, or other quiet place.

Handlers who bring a Service Animal on campus must follow all state and local requirements regarding the animal's presence on campus including vaccination, licensure and identification requirements. The City of Allentown requires all dogs over the age of three months to have rabies vaccinations. In addition, resident handler's (living in Lehigh County) must have their dogs licensed through the County.

Removal of Service Animal

A handler may be asked to remove a service animal if:

- The animal is in a College building and does not meet the definition of a service animal or service dog in training
- The animal poses a direct threat to the health or safety of others or causes substantial property damage
- The animal or its presence creates an unmanageable disturbance or interference with the College community.
- The animal's presence results in a fundamental alteration of a College program
- The animal's handler does is not able to control the animal
- The animal's handler does not pick up the animal's waste and dispose of it properly
- The animal is not clean or in good health (poor hygiene, ill, abused etc.)
- The handler takes the animal into areas previously identified as restricted
- The animal's handler does not follow federal, state and local ordinances/laws/regulations with regard to owning a dog. The owner is responsible for understanding and becoming familiar with these ordinances/laws/regulations

Please note that if a Service Animal is removed from campus housing for any of the aforementioned reasons, the handler is still expected to fulfil housing obligations for the remainder of the housing contract.

Voluntary Registration

Cedar Crest College does not have a volunteer Service Animal registration program. Therefore, it is recommended the handler has the animal wear a contact tag on its collar in case the animal becomes separated from the handler for any reason.

Service Animals in Campus Housing

If a student is planning to live in on-campus housing with a Service Animal, the student must notify the Director of Learning and Disability Resources in advance of the student residing on campus. Such notification allows the Director to work with Residence Life in order to assign the most appropriate housing location in consideration of both the student's and animal's needs. A request for housing with a Service Animal does not require documentation of disability; however, the handler (student owner) of an SA living in campus housing must provide a Certificate of Health from the treating veterinarian indicating the SA is in good health and that the animal has the vaccinations required by state and local ordinances/laws/regulations. In addition, the animal should be licensed and vaccinated as required by Lehigh County and the City of Allentown. The SA must wear rabies/licensing tags. It is recommended that SAs living on campus also wear a contact tag so the handler may be contacted in the event the animal is separated from the handler.

Service Animals should be with handlers at all times. However, on occasion, the handler may need to leave the animal in campus housing (animal is ill). Service animals may not be left in campus housing, without the handler, for longer than eight hours or left without the handler overnight. If the handler must leave campus overnight, the animal should accompany the handler or the handler should make arrangements for the animal to be cared for off-campus.

Handlers of Service Animals living in campus housing will be required to provide an off-campus emergency contact in case the handler becomes indisposed (for example, unexpected hospitalization) and is unable to care for the animal for a period of time. If, for any reason, the emergency care-taker is unwilling or unable to care for the animal, the animal will be boarded at the handler's expense.

Responsibilities for handler's living in on-campus housing and expectations for animal behavior will be discussed with the student prior to the animal living the residence halls. Questions about these responsibilities and expectations should be directed to the Director of Learning and Disability Services.

Conflicting Disabilities

Students with medical condition(s) that are exacerbated by animals (respiratory diseases, reactive airway diseases such as asthma, and/or severe allergies) should contact the Director of Learning and Disability Resources if they have a health or safety related concern about exposure to a Service Animal. The student and the Director will complete the interactive process (Self-Disclosure Meeting & supplemental documentation) to determine whether or not the student has a need for

accommodations and what accommodations would be reasonable and appropriate given the nature of the student's condition and situation.

EMOTIONAL SUPPORT ANIMALS

Cedar Crest College recognizes that Emotional Support Animals, ESAs, are often used as part of a treatment plan for individuals with disabilities. Emotional Support Animals are a category of animals that provide necessary emotional/therapeutic support to an individual with a mental/psychiatric disability and/or a physical disability. This animal serves to alleviate one or more identified functional limitations of an individual's disability. ESAs are not considered Service Animals under the ADA and as such, are limited to the student's living areas and limited/specific outdoor campus spaces when necessary for the animal's exercise and/or relief.

ESAs in campus housing serve to ameliorate a student's functional limitations/barriers that deny the student equal access to the enjoyment and benefits of housing. A direct connection (or nexus) between the student's functional limitations/barriers to equally accessing housing (due to a disability) and the need for the ESA is necessary. ESAs are neither service animals (as defined by the ADA) nor are they pets. A pet is defined as is an animal kept for ordinary use and companionship. Pets are not permitted in campus housing (with the exception of fish).

The need for an Emotional Support Animal is directly related to the functional limitation of a person's disability. Emotional Support Animals are not permitted on campus unless approved as an accommodation by the Director of Learning and Disability Resources. If approved, ESAs are only permitted in the residence halls and not in other areas of campus, including in classrooms/labs, dining areas, office spaces, outdoor spaces/events etc. If a student has the need for an ESA as an accommodation and the student's medical/psychiatric professional provider supports this need, the student should contact the Director of Learning and Disability Resources to discuss the process by which this accommodation is made.

The animal must be necessary for the student with a disability to have equal access to housing and the accommodation must also be reasonable. An accommodation may be unreasonable if:

- It presents an undue financial or administrative burden on the College;
- The requested animal is poisonous, venomous, or can be reasonably viewed as high risk;
- Poses a substantial and direct threat to any person;
- The size of the animal is too large for available assigned housing space (or available alternate housing spaces, if any);
- The animal's presence would force another individual from housing (e.g. serious allergies);
- The animal's presence otherwise violates individuals' rights to peace and quiet enjoyment; or
- It constitutes a fundamental alteration of the nature of the College's program or service.

Please note the foregoing list is not all inclusive and a determination is made in the sole discretion of the College.

Students may be approved for only one animal to serve as an ESA. Some types of animals may be better suited to living with others of their kind (as a pair, in groups etc.); therefore, they would not be an appropriate animal to request as an ESA.

Any student, who wishes to request an ESA as an accommodation, should contact the Director of Learning and Disability Resources at least four (4) weeks prior to the student's preferred date to bring the animal on campus. The student will meet with the Director to discuss the interactive accommodation process and review the policies relating to ESAs on the College campus. Please note that the deliberative process required to approve accommodations can take time. Students may not bring potential ESAs on campus until this process is completed, the accommodation has been approved, and a date has been set for the animal to reside on campus.

SMOKE AND TOBACCO FREE CAMPUS

In order to ensure a safe, healthy environment, all Cedar Crest College facilities are smoke and tobacco free for employees, students and visitors. The use of all tobacco and tobacco like products is prohibited within the boundaries of all College locations including all buildings, facilities, indoor and outdoor spaces and grounds owned, rented, operated and/or licensed by the College. This policy applies to parking lots, walkways, sidewalks, sports venues, college vehicles and private vehicles parked or operated on College property.

For the purposes of this policy, smoke and tobacco products are defined as any type of tobacco product including, but not limited to cigarettes, cigars, cigarillos, electronic cigarettes, pipes, hookahs, smokeless or spit tobacco, snuff and vape pens.

Failure to comply with the smoke and tobacco free policy may result in fines and/or consequences through the appropriate channels.

SOCIAL MEDIA

A student is prohibited from filming, recording, photographing, posting or sharing any other individual without consent. In addition, students are prohibited to use social media for the following:

- To harass, threaten, insult, defame or bully another person or entity
- To violate any College policy
- To engage in any unlawful act, including but not limited to gambling, identity theft or other types of fraud.
- To post or store content that is obscene, pornographic, defamatory, racist, excessively violent, harassing, threatening, bullying or otherwise objectionable or injurious.
- To post copyrighted content (such as text, video, graphics or sound files) without permission from the holder of the copyright.
- To post trademarked content (such as logos, names, brands, symbols and designs) without permission from the trademark owner.
- Students should express only personal opinions. Never represent yourself as a spokesperson for the College unless authorized to do so. If the College is a subject of the content you are creating, be clear and open about the fact that you are a student and make it clear that your views do not represent those of the College and that you are not speaking on behalf of the College.

SOLICITING

Soliciting on campus, door-to-door sales operations or direct selling in the residence halls is prohibited. Direct selling may include, but is not limited to, sales made through parties, one on one

demonstrations and other personal contact arrangements as well as internet sales. Anyone soliciting or attempting to conduct business in the residence hall should be reported to campus police immediately. The office of student activities must approve selling by Cedar Crest students or student organizations in the Tompkins College Center. Outside vendors must be sponsored by student organizations or other offices on campus.

SPECIAL DIETARY NEEDS

Any student who wishes to request a meal plan modification as an accommodation (food allergies, chronic conditions exacerbated by specific foods, etc.) will need to request accommodations by self-identifying to the director of learning and disability resources. The student will then complete a “Self-Disclosure” meeting with the director and provide supplemental documentation of the food allergy, chronic condition exacerbated by specific foods etc. Students may make an appointment with the director by contacting Academic Services (610-606-4628) or through YouCanBookMe at: <https://suebarnes.youcanbook.me>. The director will then work with the director of dining services to address how the student’s needs may be met.

STUDENT COMPLAINT POLICY

Cedar Crest College is committed to creating a learning environment dedicated to personal and academic excellence. Members of the College’s learning community, under the College’s Honor Code, pledge to accept responsibility for their actions in all academic and social situations and the effect their actions may have on other members of the College community.

As such, Cedar Crest College encourages students to resolve concerns or disputes through direct communication, as appropriate, with the individual or office involved by following relevant College policies or procedures.

Please note that Cedar Crest College has applied to participate in the National Council for State Authorization Reciprocity Agreements (SARA). The Pennsylvania Department of Education serves as the “SARA portal entity” for Pennsylvania with the responsibilities defined by the National Council for State Authorization Reciprocity Agreements. Among the responsibilities assigned to the state portal entity is shepherding the resolution of, investigating and resolving as necessary complaints from distance education students who reside outside of the state and who have complaints regarding the institutions that participate in SARA Pennsylvania.

Students not residing in Pennsylvania and who are enrolled in a Pennsylvania institution that operates under SARA Pennsylvania may submit complaints to the SARA portal entity only after completing the complaint process established by the institution attended by the student.

Initial responsibility for the investigation and resolution of student complaints resides with the institution against which the complaint is made. Students must exhaust all opportunities for resolution at the institution before filing a complaint with the SARA portal entity. Complaints regarding grades or student conduct violations are governed entirely by institutional policy and are not subject to review by SARA Pennsylvania.

Students who have exhausted institutional grievance processes and remain dissatisfied with the outcome may file a written complaint with SARA Pennsylvania ([click this link](#)) within two years of the incident that is the issue of the complaint. Anonymous complaints may not be reviewed.

STUDENT FINANCIAL SERVICES POLICIES

SFS AR (Accounts Receivable) Hold Policy

Students who have an outstanding balance (student account balance, missing financial aid paperwork, parking fines, etc.) will have an AR hold placed on their account; this also includes missing payments from third party payers. This hold will prevent registration, schedule changes and the release of transcripts.

Depending on the type of payment, holds will be removed within 24-48 business hours. If you are paying by check, it may take 7-10 business days to clear. At that time, your AR hold will be removed.

Students who are financially clear, may register for classes, add/drop classes, move into student housing and/or request a transcript.

Payment Due Dates and Late Fee Policy

All student account balances must be paid in full by the invoice due date before the start of each enrollment period. Students are not permitted to attend classes, occupy residence halls or use meal plans to eat in the dining hall unless full payment has been remitted or payment arrangements have been approved through Student Financial Services. Students who are not in good financial standing with the College will not be eligible to receive diplomas, transcripts, view grades or register/remain registered for future semesters. Information about and assistance with financial aid, financing resources and payment plans are available through Student Financial Services.

Failure to make payments by the due date will result in an assessment of a late fee. Your financial responsibility will remain until full payment is received. Not receiving a student invoice does not alleviate you from financial obligation to the College.

Reminder that all students can view their ebills online through Cashnet. Ebills can be viewed by logging into my.cedarcrest.edu under quick links; select [Student Financial Services](#), select Cashnet Online System and then click Go to Cashnet.

Withdrawal from Course

Financial Refund Policy for Students Withdrawing from Course(s)

Full-time traditional students who drop below 12 credits after the end of the drop/add period, based on enrollment in a course or in an accelerated course and failure to attend, will receive no adjustment to the full-time tuition charge and may be subject to an adjustment to financial aid and other charges. SAGE or part-time traditional students who drop during the drop/add period without replacing an equal number of credits in the same period, or who withdraw from courses after the end of the drop/add period, will receive an adjustment of tuition, fees (if applicable), and financial aid as required, based on the date of withdrawal, according to the following schedule:

Course Withdrawal Financial Refund Schedule

Students must use the College's published requirement for notification of withdrawal in order to be subject to the College's refund policy regarding tuition/fees/other charges. Withdrawal from College

Financial Refund Policies for Withdrawal/Separation from the College or Courses

It is a student's responsibility to notify the College when it is necessary to withdraw from course enrollment (from individual courses or from all courses) for any reason. Withdrawal or Leave of Absence Notification can be made through the Registrar's link at My.CedarCrest.edu on the College's student web information system. Students must have a valid User ID and password to access this function. For additional information regarding Withdrawal or Leave of Absence procedures, please refer to the [Academic Policies and Services section of the catalog](#). Students who withdraw from all courses during a semester or session, either by official notification to the College, or by failing to remain enrolled in courses as expected without notification to the College are considered to have Withdrawn/Separated from the College and are subject to the Financial Refund Policy for Students Withdrawing/Separating from the College.

If a student is withdrawing from individual courses during a semester, but will continue to be enrolled in remaining courses, or receives a letter grade for any course that session, they are not considered to have withdrawn or separated from the College and may be subject to a refund of individual course charges under the Financial Refund Policy for Students Withdrawing from Course(s). Assistance with the withdrawal process can be obtained through [Academic Advising](#), the [Registrar's Office](#) or [Student Financial Services](#). Resident students must notify the [Director of Community Standards and Residence Life](#) whenever they plan to vacate a residence hall prior to the end of their contract period. Students who are withdrawn from the College or from housing for disciplinary reasons are not eligible for any refund, except pro-rated board, unless required by federal, state, or other regulations.

Financial Refund Policy for Students Withdrawing/Separating from the College

Students withdrawing from the College (or from all classes) after the first day of the semester, but prior to the 60% point of the semester, will have all tuition, fees designated as refundable, and financial aid (federal Title IV funds, state funds and institutional aid) pro-rated based on the number of calendar days remaining in the semester. Calendar days are calculated as the number of calendar days completed out of the total number of calendar days in a semester, excluding scheduled semester breaks of five days or more. After the 60% point of the semester, no adjustment to tuition, fees or financial aid will be made. Resident students will receive a 90% refund if terminating their housing contract within the drop/add period (first week of the semester). After the close of the drop/add period, no refund of room charges will be made. Board charges (meal-plans) will be pro-rated to the 60% point of the semester and a pro-rata refund will be issued to the student. There is no refund of the Resident Communication Fee after the semester begins. Title IV financial aid recipients will have the unearned portion of financial aid (grants and/or loans) returned to the Title IV funding source, in accordance with the federal Return of Funds policy governing Title IV assistance.

Recipients of Title IV financial aid who are subject to a calculation of eligibility after withdrawal will have funds returned to Title IV programs in the following order, as applicable: Unsubsidized Direct Stafford Loan, Subsidized Direct Stafford Loan, Perkins Loan, Direct PLUS (Graduate Student), Direct PLUS (Parent), Pell Grant, FSEOG, TEACH Grant, other Title IV assistance. Detailed Title IV policy regarding the adjustment of federal financial aid funds is available by request through Student Financial Services.

STUDENT RECORDS POLICY

The Family Educational Rights and Privacy Act of 1974 (FERPA, also known as The Buckley Amendment), states that students' educational records are considered confidential. Academic advisors/faculty members are required by FERPA not to disclose any information about a student to the parents (or anyone else) unless the student provides written permission to release the information, the written request is from a law enforcement agency, or the release of such information is allowed pursuant to law.

I. Access to Records

College officials will review with an enrolled Cedar Crest student, or an alumna or alumnus, on written request, official records, except those specifically denied by the law. A request to review records described below will be granted within a reasonable time and no later than 45 days after the request has been made. This legislation does not open records to people who are applying to the College, who applied but were denied admission, or who were admitted to the College but did not enroll. Students will not be provided with copies of their records, other than transcripts.

- 1) These records are available to the student for inspection and review with the office responsible for maintaining the record:
 - a. Registrar - Admissions applications and supporting materials (not confidential counselor or admissions office notes) written on or after January 1, 1975; the Cedar Crest record; transcripts from other colleges and universities; and official College correspondence
 - b. Career planning director - Letters of recommendation written on or after January 1, 1975
 - c. Health and counseling services director - The student's records in Cedar Crest health services
- 2) The law denies the student access to these records:
 - a. Parental financial records (without prior written approval of the parents)
 - b. Confidential letters and statements of recommendation placed in records prior to January 1, 1975
 - c. Personal notes of teachers, advisors and administrators, the college chaplain, medical personnel, psychologists and psychiatrists, provided they are not available to a third party

II. Right of Privacy

The College will not release a student's records to any individual, agency or organization without the written permission of the student with certain exceptions, which include but are not limited to the following:

- 1) To Cedar Crest faculty members, administrators and staff who have legitimate educational interests in the records.
- 2) To authorized representatives of the comptroller general of the United States; the secretary of the United States Department of Education; the United States commissioner of education; the director of the national institute of education; the assistant secretary of education; or state educational authorities.
- 3) To persons who require access in consideration of a student's application for, or receipt of, financial aid.
- 4) To the parent(s) of the student(s) dependent upon them. (Cedar Crest College will attempt to notify the student in advance of parental notification, but no advance notification is guaranteed unless required by law, statute, or regulation.)

- 5) To persons authorized to receive such data through judicial order or pursuant to a subpoena. (The law requires the College to attempt to notify the student in advance of its compliance with such orders).
- 6) To appropriate persons in connection with an emergency if knowledge of such information is necessary to protect the health or safety of the student or other persons.
- 7) To parents or legal guardians, the disclosure of the results of student conduct proceedings for alcohol and drug related offenses for students under the age of 21.
- 8) As otherwise required or authorized by law, statute, or regulation.

III. Additional Rights

- 1) The College will release information from educational records to third parties with the written consent of the student. If such a transfer of information is made, it shall be a condition of release by the College that those to whom the information is released will not permit additional access to the records without written student consent. A student is permitted to waive the right to inspect letters of recommendation in order to enable the opportunity to obtain more effective letters of recommendation. A student who wishes to use this privilege must submit a written request to the executive director of career planning to waive this right. A student has the right to inspect the log of non-Cedar Crest persons who have requested or obtained access to the student's records. A student has the right to challenge the factual basis of the records. In such instances this procedure will be followed:
 - a. If the student and a college official agree on the error, the change will be noted and signed by the student and the official.
 - b. If the student and the college official do not agree on the error, the student may appeal to the Registrar, Provost or designee for resolution. If the Registrar, Provost or designee is involved in the disagreement concerning factual information, the president of the College or designee shall resolve the dispute. The student's appeal must be supported by a written statement of fact. A student has the right to withhold information from a published directory prepared by the College for use by non-Cedar Crest College persons, provided the request of deletion of the information is in writing to the registrar's office prior to the last date of official registration for fall or spring semester. Cedar Crest College assumes that a student who does not specifically request that directory information be withheld thereby indicates (individual) approval of disclosure.

Directory information consists of such data as the student's name, telephone number, address, major field of study, participation in activities, dates of attendance, and degrees and awards received. Though this information is public in nature, students may request that it be withheld and released only upon written authorization. Such requests should be made to the registrar. The student directory will be accessible on the internal computer network.

- 2) In regards to judicial matters and honor code violations, the College will, upon written request, disclose to the alleged victim of any crime of violence, or a non-forcible sex offense, the report on the results of any judicial proceeding conducted by Cedar Crest College against a student who is the alleged perpetrator of such crime or offense with respect to the results of the judicial proceeding. Such information may also be disclosed to third parties in accordance with applicable laws.

The term "crime of violence" shall be defined as (1) an offense that has as an element the

use, attempted use or threatened use of physical force against the person or property of another or (2) any other offense that is a felony and that, by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense.

The final results of the judicial proceedings shall only include:

- (1) the name of the student
- (2) the violation committed
- (3) any sanction imposed by the College on the student
- (4) the name of any other student, such as a victim or witness, only with the written consent of that other student.

Students should contact the Registrar if they have questions about their rights under FERPA.

Theft of any kind, including seizing, receiving, or concealing property with knowledge that it has been stolen, is prohibited. Sale, possession or misappropriation of any property or services without the owner's permission is also prohibited.

X. GUIDELINES FOR RESIDENCE HALL LIVING PROCEDURES

AIR CONDITIONERS

Air conditioners are not provided by the College. Students who wish to have air conditioners must supply a doctor's note to the office of residence life each academic year. When permission is granted, a student must submit a work order for maintenance staff to install, remove or check installation. The College will not be responsible for routine maintenance. Air conditioners cannot exceed 5,200 BTUs. Failure to follow these procedures will result in a fine and removal of the air conditioner. The College has the right to relocate a student needing an air conditioner to a building that can handle the additional power pull. Approved air conditioners must be removed by the end of the semester or academic year. Disposal of air conditioners left in residence rooms or on College property will be billed to the student. [Maintenance requests are submitted via School Dude](#) an electronic work order program found on the College website.

BREAK HOUSING

For each break period, a specific closing time for the halls will be indicated. All students are expected to vacate their rooms by this deadline. Unauthorized occupancy can lead to disciplinary sanctions. Students may be required to relocate to another building during the break for safety or logistical reasons. Break periods are used for general maintenance. Students may expect work crews in the buildings during these times. Failure to comply with residence hall break guidelines may result in fines or disciplinary sanctions.

ELECTRICAL EQUIPMENT

To prevent overloading of circuits, the College must limit the use of electrical appliances. Students will be asked to remove any unauthorized electrical appliances. Items that are not removed by the student will be discarded.

Appliances: Only College approved appliances are permitted in the residence halls. Refrigerators not exceeding 5.8 cubic feet and small microwaves are permitted. All permitted appliances should be equipped with automatic shut-off/safety features.

Extension Cords: Only UL standard approved extension cords can be used in residence hall rooms.

For questions about any appliance or device, see the Residence Life staff. No open coil devices are permitted.

ENTRY AND SEARCH OF ROOMS

The College recognizes residents' desire for privacy, particularly in the context of their living situations, and will do all it can to protect and guarantee their privacy. However, the College's

designated staff members reserve the right to enter a resident's room at any time for the following purposes:

1. To determine compliance with all relevant health and safety regulations (e.g. fire alarms, lock downs, health and safety checks, etc.),
2. To provide cleaning and/or pest control,
3. To conduct an inventory of College property,
4. To silence unattended loud alarms and music,
5. Where there is an indication of danger to life, health, and/or property,
6. Where there is a reasonable cause to believe that a violation of College policies is occurring,
7. To search for missing College property, or
8. To perform maintenance work (For most maintenance concerns, prior notice will be given whenever possible.)

In addition to entry, a room may be searched by a designated Cedar Crest College staff member. For such a search to take place, the conditions for room entry set forth above must exist, and permission from the chief of campus police or designee must be obtained. Items that violate College or housing regulations will be confiscated.

GENDER INCLUSIVE BATHROOMS

All bathrooms in the residence halls are gender inclusive. In addition, each residence hall building has at least one single stall gender inclusive restroom available. Guests using these facilities are expected to abide by visitation policies and procedures.

GENDER INCLUSIVE HOUSING

Cedar Crest College offers inclusive housing options to traditional students who self-identify as transgender, gender nonconforming, gender variant and non-cisgender students, as well as students who identify as allies to this community. For students wishing to gain more information about other services and support available for students that identify as Gender and Sexuality Diverse (GSD), please contact the [Director of Diversity and Inclusion](#).

Who is inclusive housing intended for?

Inclusive housing options are intended to meet the needs of students who identify as transgender, gender nonconforming, gender variant and non-cisgender students. Therefore, traditional students seeking to live on campus are encouraged to pursue this inclusive housing option. Students who identify as supportive allies to the transgender and gender non-conforming community are welcome to live in these spaces as roommates.

Where is inclusive housing offered?

Inclusive housing will be available in all four residence halls: Butz, Curtis, Moore and Steinbright Halls, and in a variety of room set ups and prices.

How do I gain access to inclusive housing?

Students who are interested in living in inclusive housing can indicate their interest on the Housing Application. Students also have the option to work directly with the Director of Community Standards and Residence Life for individual requests pertaining to any of the residence halls or to request a single room.

What if I'm an ally?

Students who identify as cisgender allies to the transgender community and who would be comfortable living in an inclusive space are encouraged to follow the same steps above.

What should I do if I identify as transgender or gender non-conforming and am nervous about being assigned a roommate who may not be a safe and supportive ally?

We encourage students who have housing concerns related to gender identity or expression to review the options above to best decide what choice is right for them. Students who have not chosen a roommate in advance are especially encouraged to pursue the inclusive housing options, which are reserved for those who indicate an interest in inclusive spaces. If you have additional concerns about a roommate or community situation, please contact the Director of Diversity and Inclusion for more information and support.

Do I have to come out as transgender or gender non-conforming to live in an inclusive space?

No. Our inclusive housing options are intended for students who have housing concerns related to gender identity and/or expression, but do not require disclosure of any identity. Students living in inclusive housing can choose what they are comfortable disclosing about themselves with staff, roommates, other residents in the community, or family members. We encourage students to seek support related to their identities from the Center for Diversity and Inclusion or from their Resident Advisor (RA).

What if my housing needs change?

We recognize and respect that identities and experiences can be fluid. If you find that your on-campus housing needs change in relation to your gender identity or expression, we encourage you to communicate with your Hall Director to review options and seek support from the Center for Diversity and Inclusion. If you have an immediate concern with your housing situation, please contact your Hall Director.

MANDATORY MEETINGS

Mandatory floor or hall meetings are occasionally called by the residence hall staff. These meetings are used to distribute information, discuss issues and address concerns about events or circumstances that are of utmost importance regarding health, safety and community standards. Students are expected to attend all mandatory meetings called by their RA (resident advisor) or hall director. Students who are unable to attend must inform their RA twenty-four (24) hours in advance of the meeting. Failure to inform one's RA of inability to attend will result in a fine of \$15. Students are not expected to miss class in order to attend these meetings, but must notify the RA in advance.

RESIDENCY REQUIREMENTS

Unless a student otherwise is eligible for commuter status or authorized by the College, undergraduate traditional students are expected to live in college residence halls if they are enrolled in and actively attend 12 or more hours of 14-week face to face academic credit. The student must contact the director of community standards and residence life immediately if the student's status changes and no longer meets this requirement. Failure to maintain and actively attend 12 or more hours of 14-week face to face academic credit may result in loss of housing.

Students are eligible for commuter status if they:

- Live within 60 miles of the College and reside with their parent(s), legal guardian or spouse
- Have achieved senior student status
- Have completed six semesters of college work elsewhere as a full-time student in good standing
- Are designated as "independent" for financial aid purposes

Housing is provided to traditional undergraduate students. Limited housing may be available for graduate students in accordance with the Gender Inclusive Housing Policy and by approval of the director of community standards and residence life. Changing status from resident to commuter or commuter to resident can affect a student's financial aid package. The change of residence form can be obtained from the office of residence life and must be completed prior to the residence change. Final approval of change in housing status is made by the director of community standards and residence life. Students who change their status to off-campus or commuter student after completing the housing agreement are subject to a \$200 broken contract fee.

ROOM AND COMMON AREA FURNISHINGS

The College provides a complete set of furnishings for each student. No furniture can be removed from rooms. This policy also applies to closet doors, which should remain intact and attached to the closet at all times. Lofts are not permitted. No furniture can be stored over the summer. The cost for replacing missing furniture and/or repairing damaged rooms will be assessed; payment will be the responsibility of the room occupant(s). Common area furniture such as lounge furniture may not

be moved from public areas into students' rooms.

ROOM CHANGES

No room changes may be made during the first and last fourteen (14) calendar days of any semester. There is a formal mediation process to assist roommates in resolving conflicts. Students should contact their residence hall staff members (RAs or hall director) for assistance. All requests for changes must be submitted in writing. Students relocating rooms must follow proper check-in and checkout procedures. Students found occupying a room that has not been assigned by the director of community standards and residence life or designee must immediately move back to their originally assigned room and sanctions may apply. The College reserves the right to make and change room assignments or to consolidate space when necessary.

ROOM KEYS

Room keys are issued to each resident upon move-in. In the event that a key is lost or stolen, that loss must be reported to a residence life staff member (RA, hall director, etc.) immediately. If a room key is lost or a student leaves and does not return the room key, a charge of \$50 will be assessed for replacement of the lock and keys. Keys may not be duplicated. Students are responsible for their keys and are not permitted to loan their keys to anyone. Students found duplicating or lending their room keys may be subject to disciplinary action.

ROOM/RESIDENCE HALL SECURITY

Security is the responsibility of each resident. Room doors should always be locked when the room is not occupied. The main doors are locked 24 hours a day, seven days a week. All side doors and back doors are locked and alarmed 24 hours a day. Exterior doors must never be propped open. Emergency exit doors may not be used by students except in the event of an emergency. Fines and other sanctions may apply. Large amounts of money or valuables should not be kept in rooms. The College is not responsible for personal property lost, stolen or damaged. All losses should be reported to residence hall staff and to campus police. Unauthorized entry by an individual into another room will result in disciplinary action. Residence hall staff members and campus police are only authorized to allow individuals into their own rooms.

ROOM SELECTION

All returning resident students are required to complete the online housing application to secure housing for the following academic year. In addition, students must be financially clear and registered for 12 or more credits in order to select a room. Students who change their housing status from resident to off campus or commuter after completing the housing application will be charged a broken contract fee of \$200.

POLICIES

COMMUNITY LIVING

Each year, the residents on a floor will create a community living agreement to determine how they wish to share their community space. Failure to comply with any part of the agreement may be subject to disciplinary action. In addition, the following community living standards must be followed:

- Single occupancy in the shower and bathroom stalls.
- Maintaining sanitary conditions in your room, on your person and in public spaces so as not to disrupt the community members.

DAMAGE/VANDALISM

Charges will be made for damages to students' rooms, furniture and equipment. Upon checking in, each resident will be required to verify the condition of the room. At checkout, the residence hall staff will inspect the room. Residents are responsible for any damage done in the room or items missing from the room that were not documented at the beginning of occupancy. Excessive dirtiness, items left behind and damage to the walls or ceilings (including, but not limited to, holes from nails, marks from fixtures and glow in the dark items) will be considered damage to the room. Students will be billed accordingly for repairs needed beyond normal wear and tear. A minimum sanction of restitution and a maximum sanction of suspension will result from vandalism to College and/or personal property. Fines may be applied to the residence hall community for missing lounge furniture, damage or vandalism. Fines will also be applied for improper disposal or abandonment of refrigerators, air conditioners and televisions.

LOCK OUTS

Any student locked out of the residence hall room is required to contact a residence hall staff member who will provide admittance into the room. If a residence hall staff member is not available or between the hours of 12 a.m. to 8 a.m., the student should contact campus police. A fine of \$15 will be assessed after a student needs to be admitted to the room for the third time and for every time thereafter.

OCCUPANCY

Resident students are not permitted to occupy their rooms in any residence hall earlier than the move-in day determined by the office of residence life, nor for any period longer than 24 hours after the student's last exam. The office of residence life will determine exceptions to the policy. There will be a daily charge of \$50 for staying past the departing date and time (or arriving early) without prior approval from the director of community standards and residence life or designee. When there are vacancies, students may only use their portion of the residence hall rooms (this includes furniture). Failure to keep open spaces available may result in fines of \$100.

PERSONAL EXPRESSION

Cedar Crest College encourages the open expression of thoughts, values and beliefs. Residence hall room doors, bulletin boards, windows, hallways, bathrooms, lounges and any other areas that are visible to individuals within or outside of the residence hall are considered public areas. The office of residence life reserves the right to request that a resident remove, or to unilaterally remove in its sole discretion, any materials from public areas that may be deemed or perceived to be indecent, profane, threatening or offensive to a reasonable person.

PETS

Students are not permitted to have pets other than harmless fish in the residence halls of the College for health, comfort and sanitation reasons. Fish should be maintained in an aquarium no larger than 10 gallons. There is no pet visitation in any residence hall. Violations will result in the removal of the pet at the owner's expense, fines and other possible sanctions.

PROHIBITED ITEMS

College officials and residence hall staff are permitted to confiscate items that violate college policy, state and/or federal law. Such items may include:

- Personal electric heaters/space heaters

- Hotplates
- Toasters or toaster ovens
- Indoor grills, e.g. George Foreman grills
- Electric blankets
- High-intensity lamps, such as halogen lamps and lava lamps
- Non-UL standard approved extension cords
- Candles, incense, incense burners, flammable liquids (e.g. gas/oil) or other items that present a fire hazard are prohibited. For questions about any device, see the Residence Life staff.
- Hover boards and similar lithium battery powered self-balancing personal transportation devices may not be used, charged or stored anywhere on campus.
- Displays: The following displays are prohibited:
 - Any alcohol container collection, regardless of age;
 - Any drug paraphernalia;
 - Any display that would constitute a hostile work environment for staff in the building.

QUIET HOURS

Because of the College's commitment to academic excellence and concern for individual rights, a minimum quiet hour policy has been established for all residence halls beginning at 11 p.m. and running through 8 a.m. Each floor has the prerogative of establishing, by majority vote, a more restrictive set of quiet hours. During final exam periods, 23-hour quiet hours are in effect (during quiet hours, all noise is to be confined to individual rooms and is to be at a level that does not disturb adjacent rooms). Quiet hours are not in effect from 9-10 p.m. during final exam periods.

Resident students are responsible for addressing the quiet hours concern first before bringing it to the attention of an RA, then a campus police officer. Requests to lower the volume of an existing noise source are to be addressed with courtesy. Consistent failure to observe quiet hours or to be responsive to the needs of others may result in referral to a student conduct hearing. Courtesy hours are always in effect in the residence halls.

SOLICITING

Soliciting on campus, door-to-door sales operations or direct selling in the residence halls is prohibited. Direct selling may include, but is not limited to, sales made through parties, one on one demonstrations and other personal contact arrangements as well as internet sales. Anyone soliciting or attempting to conduct business in the residence hall should be reported to campus police immediately.

SPORTING ACTIVITIES

No sporting activities are permitted in the residence halls. In addition, you are not permitted to ride any vehicles inside the building, such as bicycles, skateboards and hover boards.

VISITATION

Guests are welcomed on campus and in the residence halls and are required to abide by all College rules and policies. Students are accountable for any and all violations their guests may commit while visiting them. Students will be held accountable through the student conduct process including, but not limited to sanctions, based upon the behavior of their guest. Based upon the violation(s), the guest's access to campus may be restricted.

- Permitting a student who has been expelled, suspended, removed from housing or otherwise banned from the residence halls or campus access to the building or a room will result in the immediate removal of the banned student from housing and possible sanctions for all parties involved.

It is the responsibility of each resident student to familiarize guests with all College policies and expectations of behavior. Resident students are directly responsible for the behavior of their guests and share responsibility for ensuring the safety of the residence halls. Guests must carry valid photo identification at all times and provide it immediately upon request from any College official.

Resident students may not provide their ID cards to anyone to access the halls. Resident students who wish to visit a hall other than the one where they reside do not need to complete a guest registration form. While in a different hall, residents are required to abide by all hall guidelines.

GUEST REGISTRATION

Visits Under One Hour

Resident students are required to register all non-resident guests immediately. However, in recognition of short term visits (i.e. meeting up with friends before going out to dinner and a movie or friend helping a resident move some belongings), residents are allowed to host guests for a maximum of one hour anytime between 8 a.m. and 11 p.m. before they are required to register them. Guests may not be in the hall if their students are not in the hall. This option is not available for overnight visits.

Visits Longer than One Hour/Overnight (Anytime between 11 p.m. and 8 a.m.)

Residents are permitted to have guests over the age of 12 stay overnight in the residence halls. Residents must register all guests and non-resident Cedar Crest College students using the online guest registration system. An overnight visit is defined as anytime between 11 p.m. and 8 a.m., and is counted by nights and not the number of guests. Overnight visits are limited to two consecutive nights at a time, and eight nights total each month. In the event that the online system is not available, the resident should email the hall director. Guests may not be in the hall if the student is not in the hall.

Escorting Guests

Residents must escort their guests at all times while in the building in public settings i.e. lounges, kitchen, laundry room, etc. Guests may remain in the resident's room without the resident for up to 30 minutes. This is also subject to roommate approval and the roommate agreement. During this time, the resident must be in the residence hall or residential portion of the building. When guests wish to use the bathroom and shower facilities, they may do so unescorted.

Limitations on Guests

1. A resident is not permitted to register more than four guests at one time.
2. A resident is not permitted to verbally transfer guest responsibility to another resident. The guest must be registered online with another resident.

Honor Code and Community Standards in the Residence Halls

Residents must uphold the tenets of the honor code at all time, which includes ensuring that guests are not living in the hall or causing an undue burden to the community. An undue burden to the community can be defined as, but is not limited to, the following: a pattern of guest visitation that

involves a guest's presence for four or more days per week for more than one time in a semester; interference with the academic mission of the College; and/or regular use of shared hall facilities, i.e. bathroom, kitchen, lounges and laundry room.

Visitation Policy Violations

Guest visitation is a privilege on the Cedar Crest College campus; the department of residence life will address any concerns regarding guest visitation. Violations of the visitation policy may result in sanctions up to and including eviction from the residence hall. Please see below for more detail.

The office of residence life may initiate any or all of the following minimum sanctions for the visitation policy, which include, but are not limited to:

1st offense = Written Warning

2nd offense = \$50 Fine

3rd offense = Loss of Visitation for One Semester

The foregoing sanctions are in addition to any other sanctions imposed by the College for a violation of its policies or procedures. A student found responsible for a visitation violation has the right to appeal to the director of community standards and residence life. The written appeal should be made within three (3) business days from receipt of the decision letter and must clearly explain, in detail, the basis for the appeal.

New Student Orientation

Due to the nature of the program, guests are not allowed to stay with new students during the summer or fall orientation programs. This is an opportunity for students to meet and interact with peers. Visitation will be granted to new students on the first day of class.

Request for Exception

To request an exception to the visitation policy, residents should speak to their hall director and receive written approval at least 10 days prior to the proposed visit.

WINDOWS AND BALCONIES

Tampering, blocking or opening windows that require tools to open are prohibited. Throwing or dropping items from any window is prohibited. Hanging items outside windows without prior permission is also prohibited.

WIRELESS ACCESS

Personally owned routers (wireless and wired) and switches are prohibited in the residence halls. Adding unauthorized extensions to the network creates additional security risks and can prevent other students from accessing the network from their computers. Only wireless access points provided by the College may be used. Information Technology reserves the right disconnect access to any location in which a device that is emitting a wireless signal that either allows for wireless network access or is conflicting with the normal operation of the Cedar Crest College network. If such action is necessary, service to that location will only be restored when it is confirmed that the wireless device has been removed. Violation of this policy will result in disciplinary action.

Each residence hall room has a small wireless access point in it for use by the residents. The wireless design of these spaces is designed to operate optimally when every room has a wireless access point, and it remains plugged in. These wireless access points also have wired ports on them

for plugging in a gaming console or other device that requires network access but will not function on the Cedar Crest wireless network. These devices should not be removed from the wall, nor should the network cabling that is attached to them be disconnected without assistance from the Office of Information Technology. Doing so may damage the device or connectivity of the device. Residents may be liable for any damage to these devices if they are unplugged or otherwise removed.
