SECTION A - HONOR CODE

Cedar Crest College students should uphold community standards for academic and social behavior in order to preserve a learning environment dedicated to personal and academic excellence. Upholding community standards is a matter of personal integrity and honor. Individuals who accept the honor of membership in the Cedar Crest College community pledge to accept responsibility for their actions in all academic and social situations and the effect their actions may have on other members of the college community.

HONOR CODE PRINCIPLES

The following principles stand at the center of the honor philosophy:
• We believe in self-governance.
• We respect the individual ownership of ideas, work, and property.
• We recognize and appreciate others’ differences.
• We have responsibility as individuals within a community to uphold community standards.
• We will create a just and caring environment by striving to behave with equity and consideration of others.

HONOR CODE PLEDGE

“We who accept the honor of membership in the Cedar Crest College community recognize our obligation to act, and encourage others to act, with honor.

The honor code exists to promote an atmosphere in which the individual makes her own decisions, develops a regard for the system under which she lives, and achieves a sense of integrity and judgment in all aspects of her life.

It is with faith in such a system that I have accepted membership into this community. Representative of such, I hereby pledge to uphold the spirit and the letter of the honor code.”

I. COMMUNITY STANDARDS FOR ACADEMIC CONDUCT

ACADEMIC STANDARDS OF INTEGRITY

Incumbent from the honor code, academic integrity and ethical behavior provide the foundations of the Cedar Crest scholarly community and the basis for our learning environment. Cedar Crest College expects students to set a high standard for themselves to be personally and intellectually honest and to ensure that
other students do the same. This standard applies to all academic work (oral, written, or visual) completed as part of a Cedar Crest education.

**ACADEMIC MISCONDUCT**
Cedar Crest College considers the following acts, but not only the following acts, to be breaches of its academic standard of integrity. Cedar Crest College reserves the right to alter the definitions of academic misconduct herein.

i) Cheating. During the completion of an academic assignment (e.g. quizzes, tests, examinations, artistic works, presentations, or papers), it is dishonest to use, have access to, or attempt to gain access to any and all sources or assistance not authorized by the instructor.

ii) Plagiarism. Plagiarism is the act, intentional or not, of misrepresenting the work, research, language or ideas of another person (published or unpublished) as one's own. An assignment, or part of an assignment, that fails to acknowledge source material through an appropriate academic discipline's citation conventions for quotation, paraphrase, and summary also constitutes plagiarism.

iii) Collusion. Collusion is the collaboration of two or more individuals in either giving or receiving assistance not authorized by the instructor for the completion of an academic assignment.

iv) Falsification. Falsification is the misrepresentation of academic work or records. Falsification includes, but is not limited to: the fabrication of research, scientific data, or an experiment's results; providing false information regarding an academic assignment, including reasons for absence, deadline extension or tardiness; the tampering with grade or attendance records; the forging or misuse of college documents or records; or the forging of faculty or administrator signatures. An assignment, or part of an assignment, submitted for academic credit in one course and resubmitted by the student for academic credit in another course without both instructors' permission also constitutes falsification.

v) Sabotage. Sabotage is the act of hindering another student's (or students') ability to complete an academic assignment. Destruction of college property (e.g. library holdings, laboratory materials, or computer hardware or software) may constitute sabotage.

vi) Other forms of academic misconduct. The forms of academic misconduct defined above are not exhaustive, and other acts in violation of the Cedar Crest Honor Code or academic standards of integrity may be deemed academic misconduct by an instructor or by the college.

**RESPONSE TO ACADEMIC MISCONDUCT**
Students who breach the Academic Standard of Integrity—as set forth in the types of academic misconduct specified in the Faculty Handbook, Book 4.B.2.a.—are subject to sanctions imposed by an instructor, a department chair, the provost or the board of trustees. Such sanctions can range from, but are not limited to, the expectation to redo an assignment, the reduction in grade for an assignment or course, or the failure of an assignment or course. Extreme cases of academic misconduct, as determined by the provost or the board of trustees, may result in suspension or expulsion from the college, or the withholding, denial or rescinding of academic degrees.

The initial response to academic misconduct rests with the individual instructor, who is entitled to take into account the student's degree of academic experience and any prior instances of academic misconduct in the student's time at the College, when determining the penalty for the offense. If a student withdraws from a course and the instructor discovers academic misconduct, either before or after the withdrawal, an instructor's grade of "F" for the course supersedes the "W."

All instructors who determine that a student has breached the academic standard of integrity must report the incident to the provost's office using the Report of Academic Misconduct and attach relevant evidentiary documentation as appropriate. Instructors encountering a case of academic misconduct may consult with the provost's office to determine if the student has committed acts of academic misconduct on other occasions.

All instructors are required to include the College's academic standard of integrity on their course syllabi, as well as information about the response to evidence of academic misconduct and potential sanctions incurred. Upon receiving a Report of Academic Misconduct, the provost's office will notify the student of the misconduct charge and of her rights and the procedure to appeal the charge and its sanctions.
Appeals to charges of academic misconduct or their sanctions follow the process for appealing academic decisions outlined in the Faculty Handbook, Book 4.C.16.

All reported incidents of academic misconduct will be held on record by the provost's office. The provost's office is to make an annual report to the faculty and to the Honor and Judicial Board, on the number and nature of academic misconduct cases that occurred during the year.

CLASSROOM PROTOCOL

a. Learning Environment and Appropriate Classroom Behavior

Cedar Crest College maintains a classroom and learning environment dedicated to scholarly, artistic and professional inquiry. The College’s community of learning is founded upon the intellectual freedom of students and faculty in pursuit of knowledge and understanding. Such an environment depends upon the insights of the liberal-arts disciplines, as well as a respect for the global diversity of viewpoints and cultural backgrounds.

The College expects students to conduct themselves in a manner that best realizes their own and other students’ education. Appropriate classroom behavior includes, but is not limited to, the expectations for students: to attend and be prepared for all classes, to arrive and leave on time, to treat the faculty members and other students with respect, to refrain from any activities within the classroom that do not directly pertain to the business of the class, to use language that is respectful and non-abusive, and to otherwise refrain from any behavior that disrupts or jeopardizes the learning environment as determined by a reasonable faculty member. Academic programs or individual faculty members may establish additional behavioral policies for their courses, including those which take classroom behavior into account for a student’s academic evaluation.

If a student would like to bring a guest to class, permission must be secured from the instructor prior to that class time.

b. Response to Disruptive Classroom Behavior

Faculty members are entitled to respond to disruptive student behavior. Responses can range from a verbal warning to requiring the student to leave class. Faculty may further choose to treat dismissal from class as an absence for the purposes of attendance policies. If a student refuses to leave when requested, the faculty member is to call campus security and have the student removed. Unless it should be necessary to protect oneself, the faculty member should not make any effort or threat to remove the student physically.

If the faculty member desires that the expulsion extend beyond the class period or that it be permanent, the faculty member must first notify the chair of his or her department, and then make such a request to the provost prior to the beginning of the next meeting of that class. If the provost concurs, the student is to be notified of procedures by which she may appeal. Under some circumstances, some disruptive classroom behavior may warrant dismissal from the College.

c. Notification of Classroom Protocol

Faculty members are expected to make clear expectations for specific classroom decorum and repercussions for non-compliance, including the impact disruptive behavior may have on students’ academic evaluation. Faculty members should be aware of setting boundaries and procedures for exceptions to policies stated in the syllabus.

The following statement (or similar language) should be conveyed to students at the start of each term: “Appropriate classroom behavior is implicit in the Cedar Crest College Honor Code. Such behavior is defined and guided by complete protection for the rights of all students and faculty to a respectful classroom environment. That environment is free from distractions such as late arrivals, early departures, inappropriate conversations and any other behaviors that might disrupt instruction and/or compromise students’ access to their Cedar Crest College education.”
ATTENDANCE POLICY
Regular attendance at classes is expected of all students, regardless of whether attendance is a factor in
the student’s grade for a course. If attendance is used to compute the final grades for the course, that
fact must be reflected in the course syllabus. When an academic or extracurricular activity is scheduled in
conflict with a class, the class takes precedence; however, arrangements with the instructor may be made
in advance to enable students to attend the conflicting activity.

Students who are aware of potential conflicts due to college-sanctioned activities should report and
discuss these conflicts as soon as they are known. The College encourages students to participate in
sanctioned activities and encourages faculty to make arrangements to facilitate these experiences where
possible.

When there is a conflict between two scheduled events and the professors in charge cannot come to an
agreement, the student shall be protected by the provost, who shall require the two professors to resolve
the matter at a joint meeting with the provost.

A student who is absent from classes for reasons such as illness or a family emergency must contact the
associate dean of student affairs, who will then verify the reason for the absence and notify the student’s
instructor. Faculty members who receive such notification should understand that the notification signifies
that the information given by the student is creditable; the notification does not, however, serve to exempt
students from any of their course requirements. Faculty members should develop policies for excusing
students who miss classes or coursework for reasons beyond their control and should inform students
about these policies.

LEAVE OF ABSENCE
Degree-seeking (matriculated) students who find it necessary to interrupt their college studies for a term or
more must apply for an official leave of absence if they wish to return under the same liberal-arts education
requirements. Within three years of her official date of separation, the student must accomplish one of the
following steps: attend a class for which she is enrolled, submit a letter of intent to register for an upcoming
term, register for an upcoming term, or request an extension of the leave of absence. Leave of absence
requests are processed on My Cedar Crest via the withdrawal application; the registrar approves requests
for leaves of absence. Withdrawals from individual courses are not considered official leaves of absence.

The first day of class attendance, in the case of traditional students, or the date of the acceptance letter
as a degree candidate, in the case of lifelong learning students, is the date of matriculation. This date is
important if a student finds it necessary to interrupt her studies at Cedar Crest.

If a student takes an official leave of absence of less than three years she will be permitted to graduate
according to the liberal-arts education requirements in effect at the time of matriculation. With approval
from her major department, a student may be permitted to graduate according to major requirements
listed in the college catalog on the date of her matriculation. Alternatively, a student may choose to
graduate according to policies and curricular changes enacted by the faculty and found in the most
current catalog.

If a matriculated student requests and is granted an official leave of absence of up to three calendar years,
she is not required to reapply for matriculation when she re-enrolls. A student who re-enters the College
after an unofficial withdrawal, a leave of absence greater than three years, or any absence not formally
approved must meet the liberal-arts education requirements and major requirements in effect at the time
of her re-enrollment.

OFFICIAL WITHDRAWAL FROM THE COLLEGE
In order to withdraw officially from Cedar Crest College, a student must complete a process that starts in
the registrar’s office. Official withdrawal prior to the official deadline for course withdrawal will result in
all course work in progress being graded “W” (not computed into average). For exception, see section on
academic misconduct. Withdrawal after the official deadline for course withdrawal will result in a grade of
“F” for all courses. If the student re-enters the College to continue the major after a withdrawal, the student
will graduate according to general education requirements and major requirements in effect at the time of
re-enrollment.
READMISSION POLICY AND ACADEMIC RENEWAL
Students who apply for readmission to Cedar Crest College after a separation of at least five years may elect, upon readmission, to retain all of their prior grades or to begin their academic career anew, retaining none of their prior grades.

Students who have been dismissed previously must petition for readmission. Students who have been dismissed for poor academic performance must complete 12 graded Cedar Crest credits with a “C” or better to be eligible for readmission.

STUDENT APPEAL PROCESS FOR ACADEMIC DECISIONS
A student who has a disagreement with a faculty member about an academic matter should first attempt to resolve the matter through discussion with the instructor. If the issue is not resolved satisfactorily between the student and the instructor, and the student wishes to appeal further, the student must specify in writing the basis for the disagreement and request a review by the department chair. If the issue is an appeal of the final grade received in a course, this request must be submitted within three months of the date that term grades are issued by the registrar.

A student who wishes to appeal the decision of the department chair must write to the provost within a month of the date of the chair’s decision, enclosing copies of the written documents and requesting a review. The provost, in consultation with the chair and the faculty member, will arrive at a final decision in the matter.

The chair and the provost will each act within one month during the academic year of receiving the matter. If the instructor is no longer employed by the College, the chair is empowered to act in his or her stead.

For further and more detailed college academic policies, see “Detailed College Policies” on the registrar’s website.
II. COMMUNITY STANDARDS FOR SOCIAL CONDUCT

Responsible citizenship in the Cedar Crest College community requires respect for the dignity and rights of each individual, respect for public and personal property, personal honesty, compliance with all college policies, codes and standards, and compliance with the laws of the Commonwealth of Pennsylvania and the United States of America. All students are responsible for being familiar with this information and adhering to all college policies and procedures.

As a member of the Cedar Crest College community, students will:
• Respect the personal property of other students wherever it is found, including residence hall rooms, and all public areas both within and outside the residence halls;
• Never intentionally damage public property including art work and posters or interfere with the use of shared resources, such as computer terminals, fitness center equipment or library materials;
• Not harass or intimidate other persons. Behavior likely to constitute harassment and/or intimidation includes, but is not limited to: exhibiting behavior, distributing, posting, or advertising anything considered abusive, indecent, profane, threatening, or offensive to the average person;
• Be responsible for the behavior of their guests. Having guests on campus is a privilege and responsibility. By having a guest, students are responsible for the safety and welfare of campus resources and community members; and
• Comply with all Cedar Crest College policies, codes and standards, including all residence hall policies.

The College expects that students will behave honorably and assume responsibility for their actions in all academic and social situations. Individuals who accept the honor of membership in the college community are obliged to act in an ethical, just and caring manner toward fellow members of the college community.

Cedar Crest College expects its students to behave with maturity and integrity at all times, to comply with the laws of the Commonwealth of Pennsylvania and the United States of America, to adhere to college policies published in the student handbook, the college catalog, and other college documents, and to respect the rights and property of others.

All members of the Cedar Crest College community are expected to comply with and uphold, as well as to encourage others to comply with these codes, policies and standards. Failure to do so may result in sanctions, discipline and/or referral to the honor and judicial board.

The associate dean of student affairs office has responsibility for the enforcement of college policies as they affect students and for deciding on and imposing sanctions for violations of college policy. The associate dean’s office will consult with the honor and judicial board when appropriate and with campus police. The final determination, however, rests with the associate dean in any case of a violation. Members of the
student affairs division, which includes student members of the residence hall staff, communicate and enforce the codes, policies and standards. Such policies include, but are not limited to the alcohol and drug policies, residential requirements, and behavior disruptive to the community of learning and/or not respectful of the college philosophy. The campus safety and security office exists to serve and protect the college community. Failure to comply with a legitimate request of a college security officer or any of the college employees acting in the performance of their duties is grounds for immediate disciplinary action. Violations will be reported to the office of the associate dean of student affairs for review and action. However, members of the campus safety and security department may find it in the best interest of the college community to make immediate decisions, including but not limited to fines, detainment and arrest.

Felony offenses committed on campus may be reported to local or municipal authorities. In addition, regardless of the location of the incident, if a Cedar Crest College student is charged with a felony, the College, if it is appropriate to do so to protect the health, safety and welfare of the accused student and/or the Cedar Crest community, reserves the right to summarily suspend the student. The College reserves the right to take action under the honor code and student handbook, prior to the disposition of the case through criminal proceedings. Disciplinary proceedings at the College may normally proceed during the pendency of criminal proceedings, and will not be subject to challenge on the grounds that criminal charges regarding the same incident have been dismissed or reduced or that no criminal charges have been brought.

Alleged social violations of the honor philosophy should be brought to the attention of the dean of student affairs. The associate dean of student affairs or the office of student affairs will investigate the alleged violations and take appropriate action or may refer the matter to the honor and judicial board for a recommendation. If the matter is initially brought to the honor and judicial board, the board will consult with the associate dean of student affairs and based on the gathering of preliminary facts the associate dean of student affairs will make a determination as to which forum is most appropriate for reviewing the social code issue.

I. POLICY ON SEPARATION FROM THE COLLEGE

Cedar Crest College reserves the right to require the withdrawal of any student who is incapable of meeting acceptable behavioral standards of the college community. The following are examples of some of the students to whom this policy applies:

1. Students who are deemed to be a danger to themselves or others. Danger to self or others includes any danger of suicide, homicide, self-mutilation, accident, or assault substantially outside of behavioral parameters and necessitating unusual measures to monitor, supervise, treat, protect, or restrain the student to ensure her safety or safety of other members of the college community.

2. Students whose behavior is disruptive to others. Disruptive behavior includes that which causes emotional, psychological or physical distress or injury to other students or staff substantially beyond that normally experienced in daily life. Such disruption may be in the form of severe distress associated with one or more behavioral incidents, or somewhat less severe but persistent distress over an extended period.

3. Students who refuse to cooperate with recommended assessment or treatment and whose physical or psychological disorder is likely to deteriorate to the point of permanent disability, disfigurement, impairment or dysfunction without such assessment or treatment. Where standard assessment is impossible because of the student’s resistance, indirect behavioral observations will constitute the basis for such judgment.

4. Students whose physical or psychological condition is of sufficient severity to substantially exceed the reasonable limits of the College’s or locally available treatment resources and for whom no reasonable accommodation is possible or students whose condition renders them incapable of participating successfully in the educational program of the College.
II. GUIDELINES FOR SEPARATION
The associate dean of student affairs office should be notified whenever a student appears to have a serious physical, psychological or emotional disorder that offers reasonable cause to believe she or he may be a danger to self or others, may disrupt proper activities of the college community and its members, or may be unable to look after her or his affairs adequately.

The associate dean of student affairs office will contact the student and seek voluntary resolution of the situation through a comprehensive review and consultation process.

When conditions allow for the full review and appraisal of the student’s health status, resolution of the situation will be sought with the student’s cooperation if at all possible. Voluntary withdrawals are encouraged to maximize the participation of the student or her family. If a student declines voluntary withdrawal, she/he may be separated without consent (which action will be recorded for course credit purposes as a withdrawal) by action of the associate dean of student affairs office.

Students who are separated from the College for reasons of health as elaborated above will be on leave of absence until such time as the student becomes able to resume activities as a student.

Students who withdraw or are separated for reasons of health are eligible for tuition, residence hall and dining service refund of charges in accordance with existing college policy. For students receiving financial aid, consultation with the office of student financial services will occur.

III. GUIDELINES FOR READMISSION
Authorization to resume active student status may be granted by the associate dean of student affairs after consideration of the individual’s progress and current condition. Ordinarily, when a student wishes to resume her/his studies, the associate dean of student affairs should be notified at least two months in advance of the desired period of readmission.

Eligibility for readmission will be contingent on a letter or letters from a treatment source, assessment and recommendation by appropriate medical and mental health professionals, and other information as needed for final determination by the associate dean of student affairs.

Depending upon circumstances, the associate dean of student affairs may require an immediate professional assessment of the student’s condition by the appropriate medical and/or mental health specialists from the College or from another appropriate resource.

Readmission may include stipulations concerning limits on credit hours rostered, extra-curricular activities, place of residence or other conditions as may be judged to be in the best interest of the student and the institution. Failure of the student to cooperate in these procedures governing withdrawal and reinstatement is grounds for continued or renewed suspension of student status.

If a student disagrees with a decision regarding mandatory leave or readmission or feels her situation does not fall within this policy, the student may appeal to the president who will make a final decision.

Unauthorized possession is defined as possessing or using property without the knowledge or consent of the owner.

VANDALISM
Destruction of, or tampering with any college property or property owned by members of the college community will not be tolerated. Violations of the law and college regulations may result in a minimum sanction of restitution and a maximum sanction of suspension or expulsion from the College. (Also see damage policy and removal of college property policy)

WEAPONS
Weapons are prohibited on the campus of Cedar Crest College. It is against college policy for any person to
possess, or carry, either openly or concealed firearms, explosives or any potentially dangerous weapon on college property. Failure to comply may result in expulsion from the College. All federal, state and local laws regulating the possession, use and sale of weapons are in force on the Cedar Crest College campus. Safety and security officers carry firearms.

III. GUIDELINES FOR COMMUNITY LIVING

BICYCLE REGULATIONS
Students are permitted to have bicycles on campus, but the College assumes no responsibility for damage or for theft from storage. Theft or excessive damages should be reported to campus police. Bicycles may be parked in bike racks at residence halls. Bicycles are to be removed from the campus at the end of the academic year. The College is not responsible for bicycles left on campus and will not ship them home. Bicycles left on campus at the end of the term will be removed.

CEDAR CREST COLLEGE NAME AND LOGO
The College’s name, logo, facsimile thereof, and/or representation which resembles, suggests or implies an affiliation with the College, may not be used without the approval of the office of women’s leadership and student development. Any such use must be appropriate and truthful. No individual may enter into a contractual agreement on behalf of the college except the chief financial officer and his/her designee.

COMPUTER USE POLICY
It is illegal to download copyrighted materials (including MP3 and other music and video files) from the internet without permission of the person owning the copyright. Under the Digital Millennium Copyright Act (DMCA) instituted in 1998, the copyright owner may bring an action in court that may result in civil liability or even criminal prosecution.

E2CAMPUS EMERGENCY NOTIFICATION SYSTEM
In the event of an emergency or dangerous situation involving an immediate threat to the health or safety of the campus, campus police will utilize the E2Campus Emergency Notification System to inform the campus community of the situation and clarify the steps to be taken (i.e. evacuation and avoidance of dangerous areas, etc.). Evacuation routes are posted in buildings.

All incoming students are informed about E2Campus during orientation and newly hired staff are informed when hired. E-mails are also sent to all students and staff every semester to explain the availability of E2Campus. E2Campus uses text messages and e-mails to notify all registered students, staff and faculty and is available “cost free” to everyone.

Students and staff can sign-up for E2Campus by simply clicking on the link on the Cedar Crest College website and filling out the registration form. It should be noted that anyone with a Cedar Crest College e-mail will receive at least a notification on that account. Campus police will immediately dispatch officers to evaluate all emergency situations. At a minimum, campus police will test this emergency response and evacuation procedure on an annual basis.

FIRE EQUIPMENT POLICY
Anyone identified as being responsible for tampering with or theft of any college-owned fire equipment or other safety equipment will be subject to a three hundred dollar ($300) fine per violation plus the cost of any damage relating to the equipment. Other sanctions include a minimum residence hall probation, restitution and college service; and as warranted, more severe sanctions could apply.

FIRE SAFETY REGULATIONS
Students will be permitted to have a name tag, message board and pictures on their residence hall door. Items should be placed on the upper half of the door above the door knob and may not cover more than 50% of the door in order to be in compliance with the City of Allentown Fire Code. No items are to be posted on the door frames or on the wall around the doors. Posters, tapestries and lights are strictly prohibited on doors, door frames and walls. The College reserves the right to remove any decorations that do not comply with the City of Allentown fire ordinances.
A. Burning or burnt candles or incense, toasters and toaster ovens, potpourri crocks, halogen lamps, electric heaters, space heaters, hot plates, indoor grills, and electric blankets are fire hazards and may not be used in the residence halls.

B. The state fire code prohibits the placement and/or storage of any items in the corridors or stairwells of living units. Items in these areas will be considered lost articles and will be removed by college personnel.

C. Students are subject to disciplinary action by the College and/or to prosecution by the City of Allentown for setting fires through carelessness or negligence, for tampering with a fire extinguisher or smoke detector and for tampering with a fire alarm.

D. Fire drills are conducted periodically throughout the year. All students must evacuate the building when the fire alarm is sounded.

E. Smoking is prohibited in all campus buildings.

F. Over-door hangers may not be attached to doors, nor may hangers be placed over closet edges or hung from picture moldings.

G. Tapestries and other articles may not be hung from or over light fixtures.

H. Items being cooked may not be left unattended.

I. Decorative lights may not be hung around residence hall doors.

Any violation of the fire regulations will result in a fine up to $300 and/or other sanctions as warranted.

**Minimum sanctions for fire safety violations are as follows:**

1st offense = $100 fine and residence hall probation
2nd offense = $200 fine and extended residence hall probation
3rd offense = $300 fine and residence hall eviction

Additional sanctions ranging from warnings to expulsion may apply.

**HEALTH POLICY**

Cedar Crest College is committed to providing a safe environment for its students and has formulated its health policy based on guidelines presented by the American College Health Association. Students with serious, acute and chronic conditions are encouraged to inform health and counseling services about their illness so that they may receive evaluation and treatment and/or information and referral for appropriate care. Health information you provide will be used, if necessary, solely as an aid to provide health care while you are a student. This information is strictly for the use of health services and will not be released to anyone without student knowledge or consent.

The dean of student affairs and the director of health and counseling services reserve the right to contact parents or guardians in situations where a student’s health or welfare is at risk or if the student is a risk to others.

On admission to the College students receive a college health form which must be completed prior to the beginning of classes. The form is reviewed by the director of health and counseling services and students are notified of any missing documentation. All immunizations must be completed and up to date. The College requires all full-time students to have health insurance coverage. The College will provide a basic Accident and Sickness Plan for all full-time students who do not already have their own coverage. The cost of the plan will be included on the student’s bill. A description of the plan and waiver cards for those who have other coverage are provided to students with your admittance materials or by the office of student financial services.
In cases of communicable disease, the College will follow the reporting requirements for all communicable diseases. All student concerns about communicable diseases should be directed to the director of health and counseling services.

**ID CARDS**

All students are required to carry a Cedar Crest College ID card at all times and present this card when requested by any official of the College. Use of false ID will result in disciplinary action. ID cards are issued by the Tompkins College Center staff. ID cards are used to obtain admission into the residence halls, fitness center, dining facilities, and are presented when using the library. Lost cards must be replaced at a cost to the student of $20.

**LIBRARY POLICIES**

Cressman Library is easily searchable via the World Wide Web at http://library.cedarcrest.edu. The library’s web pages allow quick access to area libraries’ catalogs and general and specialized electronic resources, including encyclopedias, indexes, and full-text journal articles, as well as relevant Internet sites. Consult the librarian on duty at the information services desk for assistance with identifying, locating and using information resources.

**LENDING SERVICES**

Library materials are charged out at the lending services desk on the main level. A non-transferable student ID card serves as your library card. The borrower is responsible for all materials charged out on his/her card. Report the loss of an ID card to the lending services supervisor to stop charges.

Students may borrow books from the general collection for 21 days. Curriculum items circulate for 14 days. A 10-day grace period follows. If fines are not paid upon return of overdue items, the rates are:

- Calendar Days ......................................................... Late Fine (per item)
- 1-10 days ................................................................. No Fine
- 11+ days ................................................................. 55 cents + .05 cents/day - maximum of $5, per item

The library system assigns a replacement cost for any lost or damaged materials. If the item is recovered within one year of payment, the replacement cost minus any fines owed will be refunded. The College will not release transcripts or issue diplomas until all library accounts are cleared. Phone renewals may be made by dialing ext. 3387 during library hours. Have student ID available.

Reference books and microfilms are restricted to use within the library and may be circulated only by special permission of the librarian on duty. Periodicals are designated “In Library Use” only and do not circulate. Charged-out materials left on carrels and tables in the library are not considered returned.

Removal of materials from the library without a lending services desk charge, or a librarian’s approval, is considered a violation of the principles of the honor philosophy.

Course reserves are housed and charged out at the lending services desk.

- Regular reserves: Charged out for three days.
- Restricted: Circulates two-hours in-house.
- Special reserves: Charged out for one day or one week.

Fines for late reserves: $1/day per item up to a maximum of $5.

**AUDIO VISUAL/MEDIA SERVICES**

The AV/media services office is located in the northwest corner of the main level of the library. The media collection includes CDs, DVDs, videos, audiotapes, laser discs, transparencies and slides. The circulation period for these items is three days, no renewals. A fine of $1/day is charged for materials returned after the due date. The maximum fine is $5/item.
INTERLIBRARY LOAN SERVICES

More than one million items are available to Cedar Crest College students via Lehigh Valley Association of Independent College’s interlibrary loan system. Books are shipped to Cressman Library for pick-up. Requests for interlibrary loan material may be made through the FirstSearch Index and through e-mail via the library’s webpage, or by filling out a paper form at the information services desk. If the material requested is available at one of the LVAIC libraries—Lafayette, Moravian, or Muhlenberg colleges; DeSales or Lehigh universities—it usually arrives within one week. Users should allow a minimum of two weeks for delivery of ILL loans from outside of LVAIC. The loan period for interlibrary loan materials varies according to the lending institution. Students must observe the due date assigned to these items. Renewals are not permitted.

Direct borrowing: Students with valid IDs may obtain library cards from any of the LVAIC colleges. These loans may be returned to the Cressman Library where a courier makes deliveries, Monday through Friday.

MISUSES OF LIBRARY MATERIALS/STUDENT GOVERNMENT/HONOR AND JUDICIAL BOARD PROCEDURES/POLICIES/SANCTIONS:

Students judged to be in violation of the honor philosophy in regard to use of library materials will be penalized in the following manner:

1. A $50 fine will be assessed for deliberate misuse of library materials.
2. Additional fines may be assessed reflecting the seriousness of the offense and the cost of replacing the material.
3. In addition to a fine, a statement recording the incident may be introduced into the student’s permanent file.
4. Students may be subject to other penalties including suspension or expulsion.

MISSING PERSON POLICY

Cedar Crest College is dedicated to promoting a safe and secure environment for our students. Reports of concern over a missing student will proceed with the following protocol:

1. All concerns of a possible missing person should be reported to Cedar Crest College Campus Police by dialing “0” from any campus telephone or 610-437-4471 from an off-campus phone.
2. Upon receipt of the report, a campus police officer will immediately be dispatched to the concerned party to initiate an investigation, and the chief of campus police and on-call residence hall staff will be notified.
3. The responding officer(s) will gather all necessary information related to the incident from the person(s) reporting the missing student, including, but not limited to: a physical description including clothing worn when last seen, details on where the student was last seen and if the student was with anyone, concerns about the mental or physical condition of the student, etc.
4. Officers will make every effort to find the person on campus by checking her residence hall, any scheduled classes, and all accessible buildings. Officers will also check to see if the missing person’s vehicle is on campus and if the person has accessed any area via the card access system or if she had signed in any guests. Other students, friends and acquaintances may also be interviewed.
5. After a search of the campus has been completed and if no further information has been forthcoming, the chief of campus police or his designee, in consultation with the dean of students, may choose to notify the campus community to ask for help in locating the missing person. Notification can be done using any combination of our mass notification systems.
6. The chief of campus police or his designee, in consultation with the dean of students, may choose to file a missing persons report with the Allentown Police Department. All pertinent information relative to the incident will be provided to the responding Allentown police officer.
7. Any and all community inquiries into the matter will be referred to college relations or a designated spokesperson.
8. Within 24 hours of the initial report, the missing student’s emergency contact person will be notified by student affairs and/or campus police.
9. After it has been determined that a student that is less than 18 years old and not an emancipated individual is missing, the student’s parent/parents or legal guardian/guardians shall be notified no later than 24 hours after the initial report.
10. In cases where the student is over 18 years old and has not designated anyone to be notified, notification to the Allentown Police Department will suffice.

11. A detailed report of the incident will be generated by the responding campus police officer.

**MOTOR VEHICLE AND PARKING REGULATIONS**

Campus police is located in the Safety and Facilities Building behind Curtis Hall. Any questions or problems relating to motor vehicles and/or parking on campus should be directed to the chief of campus police at ext. 3523.

**VEHICLE REGISTRATION**

Vehicle registration is for everyone. All faculty, staff, students and contract employees must register their vehicle(s) at the campus police office within 24 hours of entering campus. Campus police is open 24 hours a day/7 days a week. Contract employees (such as Parkhurst and Barnes & Noble) not having a Cedar Crest College identification will need to show a valid driver’s license, vehicle registration and proof of insurance to receive a staff parking decal. Remember to report any changes to campus police immediately. While there is no fee for motor vehicle registration, failure to register and properly display a decal does result in a $20 fine. Continued failure to comply with all parking and traffic regulations will invalidate your decal and its privileges. Mutilated or defaced decals are considered invalid and must be replaced. On-campus parking privileges terminate upon separation from the College.

**VEHICLE VIOLATIONS**

Campus traffic regulations are to be adhered to at all times. The student, staff or faculty member to whom the vehicle is registered is liable for any violations, regardless of who operates the vehicle. Fines are incurred for the following violations:

UNDERGRADUATE RESIDENCY REQUIREMENTS
An undergraduate traditional woman student is expected to live in a college residence hall if she is registered for 12 or more hours of academic credit.

A student is eligible for commuter status if she:
• Lives within 60 miles of the College and resides with her parent(s), legal guardian, or spouse
• Has achieved junior student status
• Has completed four semesters of college work elsewhere as a full-time student in good standing
• Is designated as “independent” for financial aid purposes

Housing is provided to traditional undergraduate students with limited graduate housing for women. Changing status from resident to commuter or commuter to resident can affect the financial aid package. If you are considering moving off campus, it is imperative that you discuss this plan with the director of residence life and the student financial services office prior to making that decision. The change of residence form can be obtained in Allen House and must be completed prior to the residence change. Official designation of commuter status is made by the director of residence life and appeals can be made to the dean of student affairs or designee.
SMOKING POLICY
Students are encouraged to be mindful of the health hazards posed by smoking. Smoking is prohibited in all buildings on the Cedar Crest College campus as well as within 15 feet of all buildings. Guests of students are expected to follow the regulations governing smoking while on campus.

STUDENT FINANCIAL SERVICES POLICY
Accounts must be paid in full or a payment plan arrangement must be in place by the due date stated on the invoice prior to the start of each semester. No student may graduate, obtain transcripts, or register for future semesters until all charges have been paid to the College.

STUDENT RECORDS POLICY
The Family Educational Rights and Privacy Act of 1974 (FERPA, also known as The Buckley Amendment), states that students’ educational records are considered confidential. Academic advisors/faculty members are required by FERPA not to disclose any information about a student to the parents (or anyone else) unless the student provides written permission to release the information, or the written request is from a law enforcement agency.

I. Access to Records
College officials will review with an enrolled Cedar Crest student, or an alumna or alumnus, on her or his written request, official records, except those specifically denied by the law. A request to review records described below will be granted within a reasonable time and no later than 45 days after the request has been made. This legislation does not open records to people who are applying to the College, who applied but were denied admission, or who were admitted to the College but did not enroll. Students will not be provided with copies of their records, other than transcripts.

1. These records are available to the student for inspection and review with the office responsible for maintaining the record:
   a. Registrar - admissions applications and supporting materials (not confidential counselor or admissions office notes) written on or after January 1, 1975; the Cedar Crest record; transcripts from other colleges and universities; and official College correspondence.
   b. Career planning director - letters of recommendation written on or after January 1, 1975.
   c. Health and counseling services director - the student’s records in the Cedar Crest health services.
2. The law denies the student access to these records:
   a. Parental financial records (without prior written approval of the parents).
   b. Confidential letters and statements of recommendation placed in records prior to January 1, 1975.
   c. Personal notes of teachers, advisors and administrators, the College chaplain, medical personnel,
      psychologists and psychiatrists, providing they are not available to a third party.

II. Right of Privacy
The College will not release a student’s records to any individual, agency or organization without the
written permission of the student with these exceptions, which are stated in the law:

1. To Cedar Crest faculty members, administrators and staff who have legitimate educational interests in
   the records.
2. To authorized representatives of the comptroller general of the United States; the secretary of the United
   States Department of Education; the United States commissioner of education; director of national
   institute of education; assistant secretary of education; or state educational authorities.
3. To persons who require access in consideration of a student’s application for, or receipt of, financial aid.
4. To the parent(s) of the student(s) dependent upon them. (At Cedar Crest College this information will
generally be given with the knowledge of the student whose parent had inquired.)
5. To persons authorized to receive such data through judicial order or pursuant to a subpoena. (The law
   requires the College to attempt to notify the student in advance of its compliance with such orders).
6. To appropriate persons in connection with an emergency if knowledge of such information is necessary
to protect the health or safety of the student or other persons.
7. To parents or legal guardians, the disclosure of the results of honor and judicial board proceedings for
   alcohol and drug related offenses for students under the age of 21.

III. Additional Rights
1. The College will release information from educational records to third parties with the written consent
   of the student. If such a transfer of information is made, it shall be a condition of release by the College
   that those to whom the information is released will not permit additional access to the records without
   written student consent. A student is permitted to waive the right to inspect letters of recommendation
   in order to enable her or him to obtain more effective letters of recommendation. A student who wishes
to use this privilege must submit a written request to the career planning director to waive this right. A
student has the right to inspect the log of non-Cedar Crest persons who have requested or obtained access to the student's records. A student has the right to challenge the factual basis of her or his records. In such instances this procedure will be followed:

a. If the student and a college official agree on the error, the change will be noted and signed by the student and the official.

b. If the student and the college official do not agree on the error, the student may appeal to the dean of student affairs or designee for resolution. If the dean of student affairs is involved in the disagreement concerning factual information, the president of the College or her designee shall resolve the dispute. The student’s appeal must be supported by a written statement of fact. A student has the right to withhold information from a published directory prepared by the College for use by non-Cedar Crest College persons, provided she requests deletion of the information in writing to the registrar’s office prior to the last date of official registration for fall or spring semester. Cedar Crest College assumes that a student who does not specifically request that directory information be withheld thereby indicates (individual) approval of disclosure.

Directory information consists of such data as the student’s name, telephone number, address, major field of study, participation in activities, dates of attendance, and degrees and awards received. Though this information is public in nature, students may request that it be withheld and released only upon written authorization. Such requests should be made to the registrar. The student directory will be accessible on the internal computer network.

2. In regards to judicial matters and honor code violations, the College will, upon written request, disclose to the alleged victim of any crime of violence, or a non-forcible sex offense, the report on the results of any judicial proceeding conducted by Cedar Crest College against a student who is the alleged perpetrator of such crime or offense with respect to the results of the judicial proceeding.

The term “crime of violence” shall be defined as (1) an offense that has as an element the use, attempted use, or threatened use of physical force against the person or property of another or (2) any other offense that is a felony and that, by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense.

The final results of the judicial proceedings shall only include:

(1) the name of the student
(2) the violation committed
(3) any sanction imposed by the College on the student
(4) the name of any other student, such as a victim or witness, only with the written consent of that other student.

IV. GUIDELINES FOR RESIDENCE HALL LIVING

AIR CONDITIONERS
Air conditioners are not provided by the College. Students who must have air conditioners due to a disability or medical need must supply appropriate documentation to the office of residence life each academic year. When permission is granted, a student must submit a work order for maintenance staff to install the unit or to check it after installation. The College will not be responsible for routine maintenance. Air conditioners cannot exceed 5,200 BTUs. Failure to follow these procedures will result in a fine and removal of the air conditioner. The College has the right to relocate a student needing an air conditioner to a building that can handle the additional power pull.

BREAK HOUSING
For each break period, a specific closing time for the halls will be indicated. All students are expected to vacate their rooms by this deadline. Unauthorized occupancy can lead to disciplinary sanctions. Students may be required to relocate to another building during the break for safety or logistical reasons. Break periods are used for general maintenance. Students may expect work crews in the buildings during these times. Failure to comply with residence hall break guidelines may result in fines or disciplinary sanctions.

DAMAGE/VANDALISM POLICY
Charges will be made for damages to students’ rooms, furniture and equipment. Upon checking in, each resident will be required to verify the condition of the room. This room condition report, originally prepared by an RA (resident advisor), will be checked and co-signed by the RA and student at check-in. At checkout, the student and an RA must complete the remainder of the form and the residence hall staff will inspect the room. Residents are responsible for any damage done in the room or items missing from the room that were not documented at the beginning of occupancy. Excessive dirtiness and leaving items behind will be considered damage to the room. Students will be billed accordingly for repairs needed beyond normal wear and tear. A minimum sanction of restitution and a maximum sanction of suspension will result from vandalism to college and/or personal property. Fines may be applied to the residence hall community for missing lounge furniture, damage or vandalism. Fines will also be applied for improper disposal or abandonment of refrigerators, air conditioners, and televisions.

No sporting activities are permitted in the residence halls.
ELECTRICAL EQUIPMENT POLICY
To prevent overloading of circuits, the College must limit the use of electrical appliances. Students will be 
asked to remove any unauthorized electrical appliances. Items that are not removed by the student will 
be discarded. Satellite television is not permitted. Refrigerators not exceeding 5.8 cubic feet and small 
microwaves are permitted. Only UL standard approved extension cords can be used in residence hall 
rooms. All permitted appliances should be equipped with automatic shut-off/safety features.

HEALTH AND SAFETY CHECKS
Health and safety checks of residence hall rooms will be conducted on a regular basis. College officials may 
enter a residence hall room to complete visual checks in order to comply with fire and safety regulations. 
Students will receive notification in a timely manner prior to the health and safety checks.

LOCK OUT POLICY
Any student locked out of her room should contact a residence hall staff member who may admit her to 
the room. If a residence hall staff member is not available the student should contact campus police. A fine 
of $15 or two hours of service will be assessed after a student has locked herself out three times and for 
every time thereafter.

MANDATORY MEETINGS
Mandatory floor or hall meetings are occasionally called by the residence hall staff. These meetings are 
used to distribute information, discuss issues and address concerns about events or circumstances which 
are of utmost importance regarding health, safety and community standards. Students are expected to 
attend any mandatory meetings called by their RA (resident advisor) or building supervisor. Students who 
are unable to attend must inform their RA twenty-four (24) hours in advance of the meeting. Failure to 
inform one’s RA of inability to attend will result in a fine of $15 or two (2) hours of service. Students are not 
expected to miss class in order to attend these meetings, but must notify the RA in advance.

OCCUPANCY POLICY
Resident students are not permitted to occupy their rooms in any residence hall earlier than the move-in 
day determined by the office of residence life, nor for any period longer than 24 hours after the student’s 
last exam. The office of residence life will determine exceptions to the policy. There will be a daily charge of 
$50 for staying past the departing date and time (or arriving early) without prior approval from the director 
of residence life. When there is a vacancy, a student may only use her portion of the residence hall room 
(this includes furniture). Failure to keep the open space available may result in a fine of $100.

PET POLICY
Students are not permitted to have pets other than harmless fish in the residence halls of the College 
for health, comfort and sanitation reasons. Fish should be maintained in an aquarium no larger than 10 
gallons. There is no pet visitation in any residence hall. Violations will result in the removal of the pet at the 
owner’s expense, fines and other possible sanctions.

PROHIBITED ITEMS POLICY

and/or federal law. Such items may include:

• Burning or burnt candles or incense
• Burning potpourri crocks
• Alcohol bottles (empty or full) if resident student is under 21 years of age
• Illegal drugs or drug paraphernalia
• Pets (except harmless fish)
• Weapons
QUIET HOURS
Because of the College’s commitment to academic excellence and concern for individual rights, a minimum quiet hour policy has been established for all residence halls beginning at 11 p.m. and running through 8 a.m. Each floor has the prerogative of establishing, by majority vote, a more restrictive set of quiet hours. During final exam periods, 23-hour quiet hours are in effect (during quiet hours, all noise is to be confined to individual rooms and is to be at a level that does not disturb adjacent rooms). The loud hour is from 9-10 p.m.

Resident students are responsible for addressing the quiet hours concern first before bringing it to the attention of an RA or campus police officer. Requests to lower the volume of an existing noise source are to be addressed with courtesy. Consistent failure to observe quiet hours or to be responsive to the needs of others may result in judicial sanctions that will be imposed by the office of residence life or the honor and judicial board. Courtesy hours are always in effect in the residence halls.

RIGHT OF ENTRY POLICY
The facilities staff shall have the right to enter any space at any time for maintenance repairs and to inspect for health, safety and security hazards. Authorized representatives of the College as designated by the dean of student affairs shall have the right to enter any space at any time to investigate any suspected:

1. Violation of college rules
2. Possession of items in violation of state or federal law
3. Possession of items that endanger or are likely to endanger the safety and welfare of persons or property
4. General concern for student welfare, i.e., medical emergencies

A member of the residence hall staff will attempt to notify a student prior to entry, but permission for entry is not required in the above circumstances.

ROOM CHANGES
No room changes may be made during the first and last fourteen (14) calendar days of any semester. There is a formal mediation process to assist roommates in resolving conflicts. Students should contact their residence hall staff members (RAs or building supervisor) for assistance. All requests for changes must be submitted in writing with the signatures of all parties on a room change form. Students relocating rooms must follow proper check-in and check-out procedures. Students found occupying a room that has not been assigned by the director of residence life must immediately move back to their originally assigned room and sanctions may apply.
ROOM SELECTION POLICY
All returning resident students are required to complete the online housing application to secure housing for the following academic year. In addition, students must be financially clear and registered for 12 or more credits in order to select a room. A student who changes her housing status from resident to off-campus or commuter after completing the housing application will be charged a broken contract fee of $200.

ROOM AND COMMON AREA FURNISHINGS
The College provides a complete set of furnishings for each student. No furniture can be removed from rooms. This policy also applies to closet doors, which should remain intact and attached to the closet at all times. No furniture can be stored over the summer. The cost for replacing missing furniture and/or repairing damaged rooms will be assessed; payment will be the responsibility of the room occupant(s). Common area furniture such as lounge furniture may not be moved from public areas into students’ rooms.

ROOM KEYS
Room keys are issued to each resident upon move-in. In the event that a key is lost or stolen, that loss must be reported to the director of residence life immediately. If a room key is lost or a student leaves and does not return her key, a charge of $50 will be assessed for replacement of the lock and keys. Keys may not be duplicated. Students are responsible for their key and are not permitted to loan their keys to anyone. Students found duplicating or lending their room keys may be subject to disciplinary action.

ROOM/RESIDENCE HALL SECURITY
Security is the responsibility of each resident. Room doors should always be locked when the room is not occupied. The main doors are locked 24 hours a day, seven days a week. All side doors and back doors are locked and alarmed 24 hours a day. Exterior doors must never be propped open. Emergency exit doors may not be used by students except in the event of an emergency. Fines and other sanctions may apply.

Large amounts of money or valuables should not be kept in rooms. The College is not responsible for personal property lost, stolen or damaged. All losses should be reported to residence hall staff and to campus police.

Unauthorized entry by an individual into another room will result in disciplinary action. Residence hall staff members and campus police are only authorized to allow an individual into her own room. Under no circumstances will a student be let into another student’s room.

SMOKING
Smoking is prohibited in all residence halls and within a 15-foot perimeter of all buildings.

STORAGE
Generally, storage space will not be provided for residence hall students. Priority for summer storage space will be given to international students or those students living a great distance from campus. Students must fill out a storage request form and receive approval from the office of residence life prior to storing items. The College does not accept any responsibility for lost or damaged items in storage. No furniture may be stored on campus during the summer. The College suggests that students bring to school what they can take home during breaks. Items left in rooms or in storage will be considered abandoned and will be disposed of and the student will be billed.

VISITATION POLICY
Guests are welcomed on campus and in the residence halls and are expected to abide by all college rules and policies. It is the responsibility of each resident to familiarize her guests with all college policies and expectations of behavior. Residents are directly responsible for the behavior of their guests and share responsibility for ensuring the safety of the residence halls. Guests must carry valid photo identification at all times and provide it immediately upon request from any college official.

Residents are permitted to have guests over the age of 12 stay overnight in the residence halls. Residents must register their overnight guests through the department’s registration system. Overnight guests include any visitor between the hours of midnight and 8 a.m., who remains in the hall for more than 2
hours. Residents must uphold the tenets of the honor code at all time, which includes ensuring that guests are not residing in the hall or causing an undue burden on the community. Guest visitation is a privilege on the Cedar Crest College campus; the department of residence life will address any concerns regarding guest visitation. Violations of the visitation policy may result in a minimum sanction of a written warning and maximum sanction of residence hall eviction.

Individual floors will have the opportunity to determine the guest escort policy, through two-thirds majority vote, when creating their community living agreement. This agreement, after final review by the department of residence life, will determine the escorting policy for the floor and will determine the policy for the remainder of the academic year.

Due to the nature of the program, guests are not allowed to stay with new students during the summer or fall orientation programs. This is an opportunity for students to meet and interact with peers. Visitation will be granted to new students on the first day of class.

Any exceptions to the visitation policy must receive written approval from the director of residence life at least 10 days prior to the proposed visit.

**WINDOWS AND BALCONIES**

Items may not be placed or hung outside of a window/balcony in the residence hall without prior approval of the director of residence life.

**WIRELESS ACCESS**

Personally owned wireless and wired routers and switches are prohibited in the residence halls. Adding unauthorized extensions to the network creates additional security risks and can prevent other students from accessing the network from their computers. Only wireless access points provided by the College may be used.

Information technology reserves the right to take down any wireless access point if it causes interference with campus network or any other officially sanctioned college service operating in the 2.4 GHz spectrum. If problems are found related to use of a wireless network in the residence hall system (conflicting with existing wireless or other network traffic, security concerns, etc.), the room network connection will be shut off until information technology can confirm the router was removed. Violation of this policy will result in disciplinary action.

**V. DISABILITY RESOURCES**

It is the policy and practice of Cedar Crest College to comply with the Americans with Disabilities Act, Section 504 of the Rehabilitation Act, and state and local requirements regarding individuals with disabilities. Under these laws, no otherwise qualified individual with a disability shall, solely by reason of such disability, be denied access to or participation in services, programs and activities here on campus. In accordance with these statutes, Cedar Crest College provides reasonable accommodations and confidentiality for students with disabilities.

Accommodations may include, but are not limited to:

- Adaptations of the physical environment
- Alternate testing modalities and/or locations
- Assignment and/or testing time extensions
- Preferential seating

- Use of a note taker
- Use of assistive technologies

Academic accommodations may vary from course to course, as appropriate, and may not necessarily be the same as those received in high school or at another college or university.
The first step a student takes to request accommodation is to make an appointment at academic services to privately discuss her disability. Any existing disability documentation should be provided at that time. Full details regarding disability documentation requirements are available at academic services. For an appointment, a student should contact the disabilities specialist at Ext. 4628.

Dangers Associated with the Use of Illicit Drugs
Dependence on drugs is a serious public health problem. Dependency is prevalent in all regions of the country and transcends all ethnic and socio-economical groups. Most individuals who abuse this substance deny their dependency resulting in conflict and family difficulties. Serious consequences to despondency include mental health illness including paranoia and depression, as well as physical illness including damage to the brain, central nervous system, heart, liver and kidneys. All drugs and alcohol will affect how you act and will impair your judgment. The result is undesirable uncontrollable outcome of potentially permanent damage and possibly death.
PREVENTING DRUG ABUSE
Preventing drug abuse is a difficult task. A personal resolve to never begin using drugs is effective for some individuals. Many factors are associated with an individual’s risk for drug abuse, while protective factors can reduce this risk.

Drug and alcohol abuse can be prevented when protective factors are integrated into an individual’s life. Being involved in extracurricular activities can provide a healthy direction for an individual’s attention. Education is an effective defense, understanding the health risks. Personal effects, as well as legal consequences can curtail temptation.

POTENTIAL LEGAL SANCTIONS
Dependency on illicit drugs and alcohol can lead to a life of complication, misfortune and regrets. The illegal use or trafficking of such substances and their abuse has an effect on the individual as well as society.

Legal sanctions under local, state, and federal law for unlawful possession, use or distribution of illicit drugs and alcohol include: The Commonwealth of Pennsylvania Controlled Substance, Drug, Device, and Cosmetic Act #64 of April 14, 1972; Specifies momentary fines ranging up to $250,000.00 and/or imprisonment up to 50 years for violation of its provisions. Under Pennsylvania Criminal Code Section 6307-6308; and 21 U.S. codes 811, 844, 853, 887, 922; it is an offense if anyone “Attempts to Purchase, Purchases, Consumes, Possesses, or Transports Illegal Substances.” Punished by provisions of the law. These sanctions are specific to the substances and amount, as well as the offense.

VII. HONOR AND JUDICIAL BOARD PROCEEDINGS
The purpose of the honor and judicial board is to uphold the honor code at Cedar Crest College. The honor and judicial board (HJB) is a student judicial board empowered by the student government constitution to hear cases of perceived social violations. It is the decision of the dean of student affairs or designee as to whether or not a case is to be heard by the honor and judicial board or to conduct an administrative hearing. HJB cases can only be heard during the fall and spring semesters. HJB is not in session during the summer or breaks. The primary objective of HJB is the development and education of the student rather than exemplary punishment. The HJB members at Cedar Crest College work to promote the development of a moral attitude, integrity, and a sense of responsibility and honor. The purpose of honor and judicial board hearings is to educate students, ensure that the honor code and college policies are understood, and to positively reinforce the honor code.

The discipline and resolution process is intended to be just, fair and educational in nature. It may commence with discussions with involved parties, by administrative staff or a convening of a hearing by the honor and judicial board.

FORMAL HEARING
The students involved in a social code issue must appear before the honor and judicial board. Failure to appear means forfeiting the opportunity to represent oneself during the proceeding. Detailed statements of the incident as reported by residence hall staff or by campus police officers are provided to members of the HJB. Students will have the opportunity to meet with members of the honor and judicial board to discuss the situation. Based upon that proceeding with students, the honor and judicial board will make recommendations to the director of residence life on how the matter should be resolved.

Recommendations will be based on the preponderance of the evidence. The honor and judicial board's recommendations to the director of residence life regarding resolutions of cases will focus on promoting education and understanding for the students involved and, therefore, the betterment of the college community. After reviewing the recommendation of the honor and judicial board, the director of residence life after conferring with the chair of the honor and judicial board will notify the student involved, in writing, of the final disposition.
APPEAL PROCESS
A student found responsible for an offense shall have the right to one appeal. The appeal should be made to the dean of student affairs or designee within 10 business days from receipt of the decision letter, on any of the following grounds:

- The sanction(s) is too harsh
- There is new evidence to warrant a rehearing
- Their procedural rights have been violated

The written request must clearly explain, in detail, the basis for the appeal. The appeal should be based on documentation and should be limited to an inquiry of the issue or issues raised during the hearing or in the incident reports.

After the associate dean of student affairs reviews the appeal, there are three possible outcomes:

- The appeal will be denied
- The sanction(s) will be modified
- The appeal will be forwarded to the honor and judicial board to rehear the case

MEDIATION
In cases where a formal hearing is not necessary, the dean of student affairs may request that mediation be held. All students involved will meet with a mediator to discuss and review the perceived violation of the social code and make a recommendation for resolution.

CONFIDENTIALITY
Honor and judicial board members take a pledge of confidentiality when accepting membership on the board. Violations of confidentiality are grounds for dismissal from the board. The effective functioning of the honor and judicial board rests ultimately on the personal integrity of its members.

SANCTIONS AND DISCIPLINE
Cedar Crest College recognizes the role of accountability as an integral component of the educational process. In order to prevent recurrences, college codes, policies and standards and respective sanctions have been developed. These exist to promote the sense of community responsibility and to maintain the integrity of the College as an ethical, just and caring community of learning. Effective functioning of the college community rests ultimately on the personal integrity of each of its members. Participation in the Cedar Crest College Honor System does not protect a student from discipline, sanctions and civil or criminal prosecution. Sanctions may include, but are not limited to, the following:

- Administrative warning — May be used for minor violations; warns the student that repeat or multiple violations may result in harsher sanctions.
- Community restitution — Required time and work donated to an appropriate and designated agency or cause determined by the dean of student affairs.
- Counseling assessment — Evaluation of emotional, physical and mental state of the student by a qualified professional.
- Counseling referral — A strong recommendation is made to pursue services provided by health and counseling Services or other agency.
- Disciplinary probation — A status between good standing and suspension from the College. Ordinarily, it is imposed for a period not less than one semester.
- Educational sanction — May include research, presentation and programming. Intended to offer a chance for a student to learn from experiences.
- Expulsion — Permanent loss of student status.
- Fines — Monetary payments to the College's finance office not to exceed $500.
- Residential eviction — Removal from on-campus housing for a stated period of time.
- Residential probation — An official warning that states that future residence hall violations will constitute grounds for removal from on-campus housing.
- Restitution — Repayment for theft or damages.
- Suspension — Loss of student status for a stated period of time. May include exclusion from Cedar Crest College property.

Grounds for dismissal may also be seen through academic probation or if a student has three (3) unexcused absences from a student government meeting or a student standing committee meeting.
E. After the third unexcused absence the student government member or executive board member will receive a letter of dismissal which declares her/his position vacant at that time. If a member shall be dismissed for reasons as mentioned in the above article I she/he too will receive a letter which explains the grounds of dismissal and declares her/his position vacant as well. Then the Student Government Association must proceed with the acts mentioned in article VIII of the constitution.
F. A leave of absence shall be defined as the privilege to obtain three (3) consecutive excused absences from a regular student government meeting or student standing committee meeting. COMMUNITY SERVICE (LUTZ CENTER FOR)
The Lutz Center for Community Service provides numerous opportunities for students to engage in the  
greater Lehigh Valley community. The student run office, under the guidance of the director for community  
service, provides individuals and groups with an array of volunteer and service-learning projects such  
as after school tutoring programs, nursing home visits, blood drives, working with animal shelters, and  
restocking at the local food bank. The flexibility in the programs allows students to participate in a variety  
of service activities, regardless of time commitments and interests.

The Lutz Center for Community Service also assists clubs and organizations in planning events that  
meet their service interests. During the spring semester, the center sponsors an alternative spring break  
program which provides a unique opportunity to travel while serving others in need. The Lutz Center for  
Community Service is also the home to Cedar Crest College’s America Reads and Counts tutoring program  
and the service component of the ethical life course.

COMMUTER LIFE
Commuter Life strives to help commuter students become an active part of the college community. While  
academics certainly are important, college shouldn’t be just about attending classes and studying. We  
encourage commuters to take part in campus events and activities, clubs, and organizations on campus.

Because we believe that commuters are an important part of campus life, we offer commuter students  
(traditional, lifelong learners, and graduate students) additional services, programs, and outreach to help  
adjust to life both on and off-campus.

Cedar Crest College and the office of student affairs define a commuter student as any student living off  
campus. If you are not residing in college-owned housing, you are a commuter. This includes traditional,  
lifelong learning, graduate, part-time, full-time or visiting students for the summer.

Commuters can obtain additional information about commuter life from a number of locations. The  
Commuter Awareness Board (C.A.B.) sponsors events and services for all commuter students. The  
Commuter Student Association (CSA) is the primary group that advocates and plans specific programs for  
commuter students. The Commuter Lounge is located on the first floor of the Tompkins College Center.  
In between classes, students gather in this area. The Student Affairs Office, located in the Allen House,  
provides information on commuter life. For additional information, please contact the student affairs office  
at (610) 606-4603.

HONOR AND JUDICIAL BOARD/HONOR CODE
The honor code exists to promote an atmosphere in which an individual makes their own decisions, achieves a sense of integrity and judgment in all aspects of her life. Through principles of democratic leadership, members of the honor and judicial board are trained, and ultimately entrusted with the rights and responsibility to uphold the standards outlined in the honor code and student handbook. Members of the honor board, an elected leadership position, hear honor code cases involving violations of community standards and make recommendations for educational sanctions to the office of student affairs. ORIENTATION
In an attempt to ease transition from high school to college, all of our new first year students are required to attend our orientation programs. Summer orientation takes place in June while fall orientation takes place in late August. A special transfer orientation program is offered in the fall.

The orientation program at Cedar Crest provides an opportunity to become more acquainted with the campus. During orientation, students will have the opportunity to meet many key administrators, attend academic planning sessions, receive advisement, meet classmates and orientation assistants, reside overnight in our residence halls in the summer, and participate in activities that will introduce new students to life on our campus.

For students who are admitted in the spring, an orientation program is offered in January.

RESIDENCE LIFE
The office of residence life supports on-campus living in a community atmosphere to provide an educational, safe and healthy environment for undergraduate and graduate women. The philosophy of our residential community is one of self-governance. With the assistance of our helpful, knowledgeable professional staff and resident advisors, the residents of each hall can build and support their own community standards.

Cedar Crest's residence life program works creatively to support student learning and to provide opportunities for students to create community in their own residence hall and throughout the college community. One of our residence halls is home to two living learning communities where students enrolled in a special course live together and attend class together right inside the residence hall. While students learn from each other as they live alongside one another, they have the opportunity to expand their appreciation for one another and the college community. They create supportive friendships for their time on campus, many of which will last a lifetime.

STUDENT AFFAIRS
Our goal in student affairs is to help maintain and promote a community of scholars where each student has the opportunity to develop their potential and explore their talents and interests in and out of the classroom. The staff is committed to creating an environment that supports and encourages academic, personal and social growth for each student. We join with the faculty in encouraging intellectual curiosity, personal freedom and responsibility, civic engagement and global understanding. Learning will occur in the classroom, club meetings, internships, athletic competitions, residential living communities and while taking part in social activities. All experiences at Cedar Crest will enrich learning and help students to develop their personal identity.

Student affairs encompasses a number of departments designed and devoted to serve all students, and to make sure that the learning and living environment on campus is conducive to attaining their academic and personal goals. But it also includes efforts to make every student feel important within the campus community. We offer many leadership opportunities and support services to help students grow, develop and find their passion. We work diligently to ensure student success, especially in regard to retention and graduation. We are knowledgeable about the changing needs and backgrounds of the students of the future, and seek to use emerging technologies and principles of good practice to serve them better.

We encourage students to visit the student affairs web pages at http://www.cedarcrest.edu/ca/studentaffairs/index.shtm to learn specific information about individual departments.

II. RESOURCES OFF-CAMPUS

LIVING IN THE LEHIGH VALLEY

About Allentown
Sometimes students seek a break from the hectic campus life. The City of Allentown is the cultural core of the Lehigh Valley and the third largest city in the state. The metro area is also the third most populated region in Pennsylvania with more than 640,000 people. The only larger areas in the state are Pittsburgh and Philadelphia. Allentown offers a wonderful park system with running and biking trails adjacent to the Cedar Crest campus. The Allentown Farmer’s Market and Allentown Fairgrounds are within walking distance. The Allentown Art Museum is a good regional fine arts museum. The picturesque Pocono Mountains, including skiing areas, are a short 30-minute drive from campus. The Pennsylvania Dutch Country, Reading shopping outlets, and the New Jersey Shore are easily accessible. The cultural centers of Philadelphia and New York City, national historical sites, international business and technical centers, great shopping, professional sports and diverse ethnic heritages are all within easy reach of Allentown and give Cedar Crest students unusually rich opportunities. Groups of students, faculty and staff often make these weekend excursions. In addition to a large variety of social and cultural programs available on campus, students may wish to take advantage of concerts, theaters, films and lectures elsewhere in the Lehigh Valley. Civic organizations and nearby Lehigh and DeSales universities and Muhlenberg, Moravian and Lafayette colleges sponsor such activities. Cedar Crest events are listed in online at www.cedarcrest.edu.

Travel
Highways place Allentown within convenient driving distance of most areas in the Northeast. Several long-distance bus lines provide frequent service to the area.
