*When declaring an additional major, be sure to check the box indicating whether you intend to complete a dual degree or just a double major. This will make a difference in your advising and academic plan.
DOUBLE MAJOR: Graduating with a double major means you have successfully completed both program requirements, the college's graduation requirements, and earned 120-149 credits. You will receive one diploma with your primary major.
DUAL DEGREE: Graduating with a dual degree means you have successfully completed both program requirements, the college's graduation requirements, and earned 150 credits or more. You will receive two diplomas, one with each major.
